Account November 2005 Paper :

Financial Markets Jenny Kimmis, Globalisation Great Britain: Parliament: House of Commons: Treasury Committee, 2007-10-16 Globalisation is having an enormous impact on the UK's economy creating significant challenges for policy making with the shift in economic power from West to East particularly the rise of China and India in the global economy The effects will be felt on highly skilled jobs as well as some less skilled employment and public policy needs to respond to the likely implications for the labour market The Committee's report considers domestic policy challenges relating to the promotion of innovation and improving the business environment and the skills base in the economy and issues discussed include the drivers of globalisation trade and protectionism global imbalances as well as the beneficial and adverse effects of globalisation for the UK economy The Committee recommends that in order to promote understanding of the impact of globalisation on jobs and communities the Government should publish an annual review of new developments affecting the impact of and prospects for globalisation Given that protectionist sentiment is increasing posing a threat to the progress of both developed and developing countries the Committee supports the Government's promotion of a successful conclusion to the Doha trade round Globalisation is also threatened by the risk of a disorderly unwinding of global imbalances and the success of a reformed International Monetary Fund will be judged by its performance in ensuring global imbalances are properly addressed

OECD Economic Surveys: Euro Area 2006 OECD, 2007-02-16 OECD's periodic review of the euro area economy This edition examines whether the recovery is sustainable Its chapters cover managing diversity monetary policy and fiscal policy
