Love and Marriage in Globalizing China Wang Pan, 2014-11-13 As China globalizes the number of marriages between Chinese people and foreigners is increasing These Chinese foreign marriages have profound implications for China's cultural identity This book based on extensive original research outlines the different types of Chinese foreign marriage and divorce and the changing scale and changing patterns of such marriages and divorces and examines how such marriages and divorces are portrayed in different kinds of media It shows how those types of Chinese foreign marriage where Chinese patriotism and Chinese values are preserved are depicted favourably whereas other kinds of Chinese foreign marriage especially those where Chinese women marry foreign nationals are disapproved of male foreign nationals being seen as having a propensity to infidelity deception violence and taking advantage of Chinese women The book contrasts the portrayal of Chinese foreign marriage with the reality and with the depiction of Chinese Chinese marriage where many of the same problems apply Overall the book sheds much light on changing social processes and on current imaginings of China's place in the world

Gender and Education in China Paul J. Bailey, 2007-02-12 Gender and Education in China analyzes the significance impact and nature of women's public education in China from its beginnings at the turn of the twentieth century Educational change was an integral aspect of the early twentieth century state building and modernizing reforms implemented by the Qing dynasty as a means of strengthening the foundations of dynastic rule and reinvigorating China's economy and society to ward off the threat of foreign imperialism A significant feature of educational change during this period was the emergence of official and non official schools for girls Using primary evidence such as official documents newspapers and journals Paul Bailey analyzes the different rationales for women's education provided by officials educators and reformers and charts the course and practice of women's education describing how young women responded to the educational opportunities made available to them Demonstrating how the representation of women and assumptions concerning their role in the household society and polity underpinned subsequent gender discourses throughout the rest of the century Gender and Education in China will appeal to students and scholars of Chinese history gender studies women's studies as well as an interest in the history of education

Understanding Children's Literature Peter Hunt, 2006-05-17 Edited by Peter Hunt a leading figure in the field this book introduces the

study of children's literature addressing theoretical questions as well as the most relevant critical approaches to the discipline. The fourteen chapters draw on insights from academic disciplines ranging from cultural and literary studies to education and psychology and include an essay on what writers for children think about their craft. The result is a fascinating array of perspectives on key topics in children's literature as well as an introduction to such diverse concerns as literacy ideology, stylistics, feminism, history, culture, and bibliotherapy. An extensive general bibliography is complemented by lists of further reading for each chapter and a glossary defines critical and technical terms, making the book accessible for those coming to the field or to a particular approach for the first time. In this second edition, there are four entirely new chapters; contributors have revisited and revised or rewritten seven of the chapters to reflect new thinking, while the remaining three are classic essays widely acknowledged to be definitive. *Understanding Children's Literature* will not only be an invaluable guide for students of literature or education but it will also inform and enrich the practice of teachers and librarians.

Asiatic Studies in American Education ..., 1942 **Cinderella's Sisters** Dorothy Ko, 2005. Footbinding is widely condemned as perverse, as symbolic of male domination over women. This study offers a more complex explanation of a thousand-year practice, contending that the binding of women's feet in China was sustained by the interests of both women and men. The Columbia Guide to Asian American Literature Since 1945 Guiyou Huang, 2006-08-08. The Columbia Guide to Asian American Literature Since 1945 *Amy Tan* Bella Adams, 2005-07-22. This is the most comprehensive study to date of Amy Tan's work, offering close readings of her texts in the context of broader debates about the representation of identity, history, and reality. In contrast with Tan's own American-born narrator and mainstream critics, Bella Adams looks beyond the stereotypes which appear in Tan's books and explores the ways in which Chinese immigrants and their American relatives struggle to understand each other's best qualities via the Chinese tradition of the talk story. She emphasizes Tan's American narrator's process of becoming Chinese and discovering real China and the significance of the ironic staging of these moments.
