interest rates to accessing investment opportunities good credit is a cornerstone of financial success But this book isn't just about fixing bad credit it's about building a strategy to master your score and use it as a tool for wealth creation Too often credit is viewed as a reactive process something to fix after it's been damaged I want to change that mindset I want you to view your credit as a proactive dynamic part of your financial plan something you can leverage to achieve your goals In Credit Fixer Upper you'll find real practical advice based on my decades of experience not just as a financial professional but as someone who has seen the power of credit at work in people's lives My hope is that through this book you'll not only fix any credit issues you may have but also come away with a deeper understanding of how to use your credit as a tool for long term success Credit is more than just a score it's a tool for building the life you want Contemporary Business Louis E.
