Accidental Slave English Edition

Alex Roberto Hybel

Accidental Slave English Edition:

John Tyler, the Accidental President Edward P. Crapol, 2012-01-01 John Tyler the Accidental President Slaves and Englishmen Michael Guasco, 2014-02-14 Technically speaking slavery was not legal in the English speaking world before the mid seventeenth century But long before race based slavery was entrenched in law and practice English men and women were well aware of the various forms of human bondage practiced in other nations and in less systematic ways their own country They understood the legal and philosophic rationale of slavery in different cultural contexts and for good reason worried about the possibility of their own enslavement by foreign Catholic or Muslim powers While opinions about the benefits and ethics of the institution varied widely the language imagery and knowledge of slavery were a great deal more widespread in early modern England than we tend to assume In wide ranging detail *Slaves and Englishmen* demonstrates how slavery shaped the ways the English interacted with people and places throughout the Atlantic world By examining the myriad forms and meanings of human bondage in an international context Michael Guasco illustrates the significance of slavery in the early modern world before the rise of the plantation system or the emergence of modern racism As this revealing history shows the implications of slavery were closely connected to the question of what it meant to be English in the Atlantic world

The Unintended Destruction of the Human Race Alex Roberto Hybel, 2024-09-11 Through a sweeping historical narrative spanning centuries Hybel traces the evolution of human civilization from the dawn of the Renaissance to the digital age Drawing upon diverse disciplines including history politics religion economics and environmental science Hybel reveals how each successive wave of technological innovation economic growth and individual political and economic freedom has fueled a destructive cycle of consumerism exploitation and ecological degradation At the heart of this book lies a stark warning our addiction to growth and consumption is driving us inexorably towards our own demise Hybel argues that our unwavering faith in the virtues of capitalism democracy and technological advancement has blinded us to the existential threats facing our planet and our species But Hybel offers more than a critique of the status quo he presents a compelling case for radical transformation By interrogating the intertwined forces of technology capitalism and individualism Hybel challenges readers to confront the uncomfortable truths at the root of our collective predicament

Invoking Slavery in the Eighteenth-Century British Imagination Srividhya Swaminathan, Adam R. Beach, 2016-05-06 In the eighteenth century audiences in Great Britain understood the term slavery to refer to a range of physical and metaphysical conditions beyond the transatlantic slave trade Literary representations of slavery encompassed tales of Barbary captivity the exotic slaving practices of the Ottoman Empire the political enslavement practiced by government or church and even the harsh life of servants under a cruel master Arguing that literary and cultural studies have focused too narrowly on slavery as a term that refers almost exclusively to the race based chattel enslavement of sub Saharan Africans transported to the New World the contributors suggest that these analyses foreclose deeper discussion of other associations of the term They suggest that the

term slavery became a powerful rhetorical device for helping British audiences gain a new perspective on their own position with respect to their government and the global sphere Far from eliding the real and important differences between slave systems operating in the Atlantic world this collection is a starting point for understanding how slavery as a concept came to encompass many forms of unfree labor and metaphorical bondage precisely because of the power of association

Unwanted People Aviva Chomsky, 2019-10-08 This collection of essays by the historian and activist Aviva Chomsky includes work on topics ranging from immigration to labor history to popular culture Chomsky's incisive prose brings the perspective of a historian to bear on current events in a way that adds depth and nuance to topics that are of the utmost importance at this moment in world history *Unwanted People* fits into Chomsky's larger project to debunk the mythical history of the United States as a nation of immigrants or a melting pot Her work uncovers centuries of racially motivated immigration policies that inform the current rhetoric surrounding immigration and displaced peoples Her essays build on that foundation and expand into new territory Exploring history as a discipline that works from the ground up rather than from the top down Chomsky challenges the dominant narratives and gives voice to disenfranchised and unwanted people Touching on topics from revolutionary violence and race to colonialism and its aftermath this collection of lucid thoughts reveals the hidden histories of the people who shape our modern political and economic landscape *Unintended Consequences* Marianne Dickie, Dorota Gozdecka, Sudrishti Reich, 2016-08-23 This book arose from an inaugural conference on Migration Law and Policy at the ANU College of Law The conference brought together academics and practitioners from a diverse range of disciplines and practice The book is based on a selection of the papers and presentations given during that conference Each explores the unexpected unwanted and sometimes tragic outcomes of migration law and policy identifying ambiguities uncertainties and omissions affecting both temporary and permanent migrants Together the papers present a myriad of perspectives providing a sense of urgency that focuses on the immediate and political consequences of an Australian migration milieu created without due consideration and exposing the daily reality under the migration program for individuals and for society as a whole

An Address to the inhabitants of the British Settlements on the Slavery of the Negroes in America. The second edition. To which is added, a Vindication of the Address; in answer to a pamphlet entitled "Slavery not forbidden in Scripture, or a defence of the West India Planters." By a Pennsylvanian. [i.e. Benjamin Rush, the Elder.] , 1773 The Congressional Globe United States. Congress, 1860

The British and Foreign Anti-slavery Reporter , 1840 Vols 3 8 3d ser include the 16th 21st annual reports of the British and foreign anti slavery society The 22d 24th annual reports are appended to v 9 11 3d ser Series 4 contains annual reports of the British and Foreign Anti Slavery Society Series 5 contains annual reports of the Anti Slavery and Aborigines Protection Society Black Prometheus Jared Hickman, 2017 An innovative transnational literary study *Black Prometheus* tracks the mythical figure's surprising resonance in Anglo American antislavery discourse from 1800 until the end of the U S

Civil War
