Accounting And Finance Books To Read:

The Finance Book Stuart Warner, Si Hussain, 2022-04-01 THE KNOWLEDGE AND TOOLS EVERY PROFESSIONAL NEEDS TO MAKE BETTER FINANCIAL AND BUSINESS DECISIONS Why this book is different to other finance books Quick and easy to use Spotlights what you need to know Requires no prior finance knowledge Practical and real world focus Written by practitioners No knowledge required The book is purposefully designed to be quick and easy to use with no previous knowledge required to comprehend the concepts We tell you what you need to know to quickly get up to speed in core finance concepts A key feature of this book is that you do not have read it from cover to cover to make sense of finance Each chapter is written as a standalone topic This enables you to dip in and dip out of chapters Further we have taken otherwise complex topics and broken them down into key concepts that are explained in concise easy to read sections Practitioners not academics Whilst not an academic book it is also not a simplistic book It is a practical book because it has been written by practitioners We include throughout this book our first hand personal experiences gained from working in businesses across many industries and sectors rather than replicating knowledge from academia In addition the authors have spent countless hours instructing teaching and training thousands of professionals from disciplines including marketing sales production administration HR and legal Focused on business application The overwhelming majority of finance books available are better suited to trainee accountants because they take an academic approach to finance Whilst necessary for accountants they immerse the reader in the detail The Finance Book is written for non finance people like you It is aimed at those who work or aspire to work in business It will help professionals in business or thinking about a career in business including board directors business managers MBA students graduates and undergraduates Your book your journey To make the book easy to read we have used a consistent format across chapters Within each chapter there are multiple cross references and links to other relevant chapters as they occur This will enable you to review chapters and make connections relevant to you Allow your curiosity to determine your path through the book THE KNOWLEDGE AND TOOLS EVERY PROFESSIONAL NEEDS TO MAKE BETTER DECISIONS FOR THEIR BUSINESS **Great Books Written by Africans**

across the Academic Disciplines Emmanuel D. Babatunde, Abdul Karim Bangura, 2022-07-04 This volume is the first text to provide a comprehensive account of the great books across the academic disciplines written by Africans born in the continent and those who became naturalized citizens of African countries These great books are those that have had a powerful important or affecting influence on the author of a chapter in this book as an individual and on society The books included here are mostly of the storytelling type and thus not representative of most of the academic disciplines This volume allows each contributor to write a chapter on a discipline showcasing five great books written by African authors Each selection is appraised and suggestions made by other experts in a discipline while every chapter entails an introduction to the topic a conceptual discussion of the discipline a book by book review of the five books and a conclusion and recommendations for

research using the selected books Accounting & Finance 4th Edition Richard Giles, **Accounting Disrupted** Al Bhimani, 2021-03-03 Accounting Disrupted How Digitalization is changing Finance delivers a powerful analysis of the new technological forces buffeting the accounting profession and identifies key pathways to responding to the challenges Al Bhimani distinguished accountant academic and author shows readers how established business fundamentals are being eclipsed and that accounting has not been spared You ll learn How the new realities of digitalization including big data and AI are affecting audit work and financial management practices How learning fast about and from more diverse data sources is essential to the new accounting environment Why accounting information must start to speak to what will take place rather than about financial activities that have occurred What finance must do in a world of changing risks data growth fast digitization and increased regulation The author makes a compelling case that accounting now faces a crunch it needs to reshape itself from the core because conventional financial analysis is proving too cumbersome and slow for executives in digitalized organizations In a straightforward and illustrated style packed with case studies and practical examples he shows readers how big data blockchain robotic process automation and artificial intelligence can help accountants adapt to new realities Perfect for finance leaders in both the private and public sectors Accounting Disrupted also belongs on the bookshelves of accounting students who wish to better prepare for the technological and professional environment in which they ll shortly find themselves **Finance Without Fear** William S.
