

ACCOUNTING 2401 FINAL EXAM REVIEW

The majority of the final is from the first 3 chapters (exam 1) because it is those chapters that provide you with the fundamentals of accounting.

A rough distribution breakdown for the final:

- 65% from chapters 1 - 3.
- 25% from chapters 4, 7 and 8.
- and 10% from chapters 9 - 11.
- There is nothing on the final from Chapter's 6 or 12 (other than knowing that the Statement of Cash Flows is one of the required statements)

You have a total of 100 questions on the exam. The first 68 questions are regular multiple-choice questions. Then there are 22 questions in a multiple-choice format where you are given an account name and then will choose whether that account is an asset, liability, stockholders' equity, revenue, or expense account. Then there are 10 questions also in a multiple-choice format where you are given an item and then will choose whether that item is found on the income statement, the statement of retained earnings, or the balance sheet. So please be familiar with what goes on each statement, including the 3-line heading, the accounts, the various subtotals, totals, etc.

GOOD STUDY TOOLS:

- This test review!
- ALL HANDOUTS from chapters 1 - 3 as well as the practice homework.
- In the test reviews module of Canvas, I have included an updated sheet of all the accounts we have come across this semester along with their account type, normal balance, which financial statement they can be found, and whether they are a permanent or temporary account. **STUDY THIS - A LOT of questions come from this!!**
- I have added some multiple-choice questions from Connect from Chapters 1 - 3 that you can practice with. This practice
