Story Harold Scheub, 1998-10-01 What is the essence of story How does the storyteller convey meaning Leading scholar Harold Scheub tackles these questions and more demonstrating that the power of story lies in emotion While others have focused on the importance of structure in the art of story Scheub emphasizes emotion He shows how an expert storyteller uses structural elements image rhythm and narrative to shape a story's fundamental emotional content The storyteller uses traditional images repetition and linear narrative to move the audience past the story's surface of morals and ideas and make connections to their past present and future To guide the audience on this emotional journey is the storyteller's art The traditional stories from South African Xhosa and San cultures included in the book lend persuasive support to Scheub's These stories speak for themselves demonstrating that a skilled performer can stir emotions despite the obstacles of space time and culture
