Heffernan,2013-05-17 Imagine

being diagnosed with a disease as seemingly minor as melanoma that quickly progresses to stage four cancer where the chances of survival drop to less than 10% in five years And the options are only surgery a handful of tough FDA approved treatments and a risky experimental therapy hundreds of miles from home Usually we think of cancer as an ugly terrifying disease But Bob Heffernan s amazing journey against all odds tells an uplifting story of perseverance hope and positivity that will inspire all cancer patients He found that alongside fear and suffering cancer provides numerous gifts that nourish the human soul Its a story about how we can find goodness and beauty in even the most terrible challenge life throws at us cancer Hospital Angel Jess Levins,2022-08-23 Doctor Angel Carpenter is a doctor but is he an Angel Angel is the former leader of the gang called the Angels He is deeply religious and tries to do the right thing but the right thing is not always legal Some claim he is an actual angel since his terminal cancer patients refuse to die while others feel he should be behind bars Angel developed a holistic method to increase the cure rate for a cancer drug that could save millions of lives but he is arrested as a serial killer since his fingerprints are on the murder weapon He keeps telling people he is not an angel but the crowd surrounding the hospital and his apartment does not believe him An anti religious organization wants him dead and this organization may be more difficult to treat than the cancer affecting his patients They initially offered a million euros for his death and then increased it to five million Assassins converge on Miami for an easy kill and a huge reward They failed to realize one of the female cancer survivors is a member of a mafia family She is indebted to Angel and she pays her debts

But through a miracle from the other side she recovered and began her second life on Earth seeing it through new eyes. After realizing that she was being shepherded and protected by her personal guides and angels, Melissa's purpose in life changed completely. In *Beyond the Miracle Beyond the Grave* she tells her story of how her miraculous healing awakened her psychic mediumship and set her on a path to enlightenment. By seeking out those who have passed into the spiritual plane, she has been able to uncover her untapped potential that enables her to connect with her psychic abilities and spread healing and hope to those still in our world. In a collection of short stories, Melissa Gabriel recounts the miracles both large and small she's experienced on her incredible and inspiring journey. [Special Duties Pilot](#) John M.

Billings, 2021-08-31 If there was ever a man who was born to fly, it is John M. Billings. He took his first plane ride in 1926, began taking piloting lessons in 1938, and joined the US Army Air Force in July 1942. After training, he was assigned to fly Consolidated B-24 Liberator long range bombers. He joined the 825th Bombardment Squadron of the 484th Bombardment Group. After flying fifteen daylight strategic bombing missions, Billings was selected for assignment to the 885th Bombardment Squadron Heavy Special. As its designation suggests, the 885th was no regular bombing unit. The 885th specialized in flying top secret low altitude missions at night in support of the clandestine operations of the OSS and the Special Operations Executive. The unit's covert missions included parachuting OSS and SOE agents and supplies deep inside German territory. The most eventful and dangerous of Billings' thirty-nine secret missions with the 885th was his assignment in February 1945 to clandestinely insert a three-man OSS team code named Greenup into Austria. The drop zone selected for the Greenup insertion was located on a glacier in a valley surrounded by mountains in the middle of the snow-covered Alps. Billings and his crew finally found the weather in the Alps clear enough to spot the drop zone, slip their unwieldy B-24 between the mountain peaks, and descend to an altitude just a few hundred feet above the moonlit snow. On Billings' signal, the OSS agents parachuted right on target. The insertion of this OSS team was the inspiration for the feature film *Inglorious Bastards*. However, Brad Pitt's vengeful character was far removed from the leader of the Greenup team, Fred Mayer, who achieved success by infiltrating enemy ranks to gain vital intelligence. After the war, John Billings flew with Trans World Airlines and Eastern Airlines. He also flew more than 300 Angel Flight airlift missions, which involve the specialized aerial transportation of critically ill medical patients. This is one man's story of a remarkable lifetime of flying both in peace and in war. [Butterflies and Angels](#) Lauren A. Herman, 2014-05-01 Let me talk about my experience as a cancer survivor. Physically and mentally, I have been to places you don't ever want to visit. I have stood at the edge and stared into a dark void. Yet I have Dignity, Spirit, and Courage. Since the year 2002 is when my illnesses started, I have colitis, lupus, and dead lunette bone in my wrist, and now have no bones in my right wrist. I had skin cancers, fibromyalgia, osteoporosis, spinal stenosis, herniated discs, and renal failure. In 2008 I heard the words I never wanted to hear: you have breast cancer. Life is what you

make it I am making mine a good one filled with happiness smiles and love You are more than welcome to come and join me
