Angus The Mage Books 1 2 And 3:

Angus the Mage Robert Hansen, 2015-03-28 Angus is an apprentice wizard but he doesn't remember being one. He doesn't even remember who he is or where he's from. And Master Voltari isn't talking. Then Angus is cast out of Voltari's tower and finds himself in a world he doesn't recognize. In the first three books of the series follow along with Angus as he struggles to survive, makes a few new friends, and is occasionally mistaken for an infamous assassin. Then just as he grows comfortable in this strange world, it all comes undone as he begins to remember.

Bush, City, Cyberspace John Foster, Ern Finniss, Maureen Nimmo, 2005-06-01 Aimed at academic, professional and general readers, *Bush, City, Cyberspace* provides a snapshot of the state of Australian children's and adolescent literature in the early twenty-first century and an insight into its history. In doing so, it promotes a sense of where Australian literature for young people may be going and captures a literary and critical mood with which readers in Australia and beyond will identify. The title of the work is intended to capture the fact that the field has changed dramatically in the century and a half that Australian children's literature has existed, from the bush myths and heroism that inform the past and the present through the recognition that the vast majority of authors and readers live in cities to the third wave of cyberliterature that incorporates multimedia, hypertext, weblinks and e-books, none of which lessens the enduring enthusiasm of practitioners and readers for books. *Bush, City, Cyberspace* is not meant to be an encyclopedic volume. Rather, well-known recent and/or award-winning works have been emphasised, with the addition of others where these help to illuminate particular points. The book is similar in coverage and approach to *Australian Children's Literature: An Exploration of Genre and Theme* written by the same three authors and published by the Centre for Information Studies in 1995. In the intervening period, much has changed in the

field notable examples including the blurring of the dividing line between quality and popular literature the blending of genres the rise of a truly indigenous literature the demise to a significant extent of Outbackery in fiction the acceptance of multiculturalism as the norm and the advent of the literature of cyberspace with new methods and the sheer speed of communication between writer and reader All these trends and others are reflected in this work **The Publisher** ,1901

Murder, Magic, Madness

Davies Owen,2014-05-22 In 1856 William Dove a young tenant farmer was tried and executed for the poisoning of his wife Harriet The trial might have been a straightforward case of homicide but because Dove became involved with Henry Harrison a Leeds wizard and demonstrated through his actions and words a strong belief in magic and the powers of the devil considerable effort was made to establish whether these beliefs were symptomatic of insanity It seems that Dove murdered his wife to hasten a prediction made by Harrison that he would remarry a more attractive and wealthy woman Dove employed Harrison to perform various acts of magic and also made his own written pact with the devil to improve his personal circumstances The book will study Dove s beliefs and Harrison s activities within the rural and urban communities in which they lived and examine how modern cultures attempted to explain this largely hidden mental world which was so sensationally exposed The Victorian period is often portrayed as an age of great social and educational progress This book shows how beliefs dismissed by some Victorians as medieval superstitions continued to influence the thoughts and actions of many people viz most famously Conan table tapper Doyle **Mystery Fanfare** Michael L. Cook,1983 This work is a composite index of the complete runs of all mystery and detective fan magazines that have been published through 1981 Added to it are indexes of many magazines of related nature This includes magazines that are primarily oriented to boys book collecting the paperbacks and the pulp magazine hero characters since these all have a place in the mystery and detective genre
