During Reading

Directions: Start and stop at the page(s) indicated. Answer the questions and be prepared to share with your class.

Page Number	DURING READING QUESTIONS	STUDENT RESPONSE
Start Page 45: "As winter drew on, Mollie became more and more troublesome." To Page 48: "But of all their controversies, none was so bitter as the one that took place over the windmill."	A. Why do you think that Napoleon and Snowball always disagree? B. Contrast the leadership style of each pig.	Napoleon does not want Snowball to lead Animal Farm and gain more popularity than himself. Napoleon is a self-centered, ruthless dictator Snowball is happy, and he is more creative and more fluent.
Start Page 48: "In the long pasture, not far from the farm buildings..." To the end of Page 53: "It was noticed that they wagged their tails..."	Contrast Napoleon and Snowball's perspectives on the windmill.	Snowball argues in favor of the windmill, which he is certain will eventually become a labor-saving device; Napoleon argues against it, saying that building the windmill will take time and effort away from the more important task of producing food.
	How do Napoleon's actions in this scene affect the other animals?	They don't agree with Napoleon.
Start Page 54: "Napoleon, with the dogs following him..." To Page 58:	Consider the changes Napoleon makes to how the farm will be run. In your opinion, what is his likely motivation for the changes?	There will be no more Sunday Meetings. All decisions about the farm will be made by a committee of pigs presided over by Napoleon. The animals will now meet on Sundays to salute the flag, sing "Beasts of England," and receive their orders for the week.

Whittemore,2023-09-04 Animal farming is a readable thought provoking honest and unstuffy account of what really happens on Europe s and Britain s animal farms and how animal farming came to be that way Stories behind modern farming practices are revealed and concerns are raised over how our farms will look in the future Fascinating insights and unpalatable questions are presented into the ways that animals are often wrongly fed bred housed and managed Learning comes from failures so the book is more about failures than successes The author combines well researched facts with well found experience He commends and condemns in equal measure often in unexpected ways A broad range of subjects is covered in the book What domestication now means for farm animals How selective breeding has changed them for better and worse The mixed blessings of government support and subsidisation The story of abuse of animals rights and welfare is dealt with in detail as are ideas of respect and compassion and the inadequate ways in which animals are fed The author describes a broken marketing system for livestock products and also considers organic farming Lastly in the present environment of agricultural upheaval in Europe how can science and technology take animal farming forward What are the chances of the wrongs being righted what will tomorrow s farmed animals be for FARMERS OR FORESTERS The use of trees in the sylvopastoral systems of the Atlantic Zone of Costa Rica P.F.
