

AMERICA 2020: THE SURVIVAL BLUEPRINT

The United States is destroying itself from the inside out.

The Corruption of America is a kind of moral decay... a kind of greed... a kind of desperate grasp for power. And it's destroying our nation.

These corruptions do not need to exist.

If individual Americans take it upon themselves to become better citizens, act with rational self-interest, and reject the "ethos of getting yours"... we can correct these corruptions.

That's why Stansberry Research founder Porter Stansberry published *America 2020: The Survival Blueprint*. Many are referring to it as the most valuable book in America...

"I love the book; it is so clear and concise. Though I have studied a bit about the smartest way to survive what is coming, this put all the best ideas together in one place! My hat is off to you guys!" — J.R.

"Absolutely excellent book!! I need to buy another 12 for my family and friends." — K.B.

"I read it the first day I had it. It is a great book that explains our current situation simply and very accurately. I intend to continue to use this book as a guide for investing and I will recommend it to my family and friends." — L.R.

"This is a story all Americans should know about. I don't usually buy things off the Internet, but I am extremely glad that I made an exception in this case." — C.R.
