American Foreign Relations Since 1600 A Guide To The Literature

Jack O'Gorman

American Foreign Relations Since 1600 A Guide To The Literature:

American Foreign Relations Since 1600, 2003 *American Foreign Relations Since 1600*, **American Foreign Relations Since 1600**, American Foreign Relations since 1600 A Guide to the Literature Third Edition is the definitive bibliographic resource offering researchers and students of U S foreign relations the best resources and most accurate information available online The product of a unique publishing partnership between ABC CLIO and the Society for Historians of American Foreign Relations SHAFR this award winning title is now available exclusively online in an exhaustively updated new edition Each of its 32 chapters offers a bibliographic survey of primary sources and biographies of key figures in a specific era Chapters conclude with examinations of every part of the world or nation addressed by the United States during that period Best of all the state of the art electronic format for the third edition offers the utmost in user friendliness and will be conveniently updated twice a year [American Foreign Relations Since 1600](#) Robert L. Beisner, 2003 A thorough update of the standard bibliography of American foreign relations literature from colonial times to the present day America has formed alliances exchanged diplomats traded goods and services and fought wars with nations on every continent but Antarctica And people have written books articles reports and papers by the thousands on these subjects In American Foreign Relations since 1600 the 2002 president of the Society for Historians of American Foreign Relations Robert Beisner has worked with members of SHAFR to compile the most exhaustive survey of writing on American foreign relations ever published Covering 400 years of American history his team of editors all top experts in the field have referenced and annotated nearly 20 000 published and nonpublished works It s all here from the Mayflower Compact to the My Lai massacre from the War of 1812 to the war on terrorism from the pre Revolutionary era to the post Cold War world Nearly 20 000 fully annotated bibliographical entries on topics such as the Mexican Revolution pan Americanism wartime diplomacy the German threat and more A preface clearly outlining the updated features of the book Three analytical indexes to guide users to entry information contributors and significant individuals Biographical studies on individuals such as John Barrett William Jennings Bryan and Theodore Roosevelt **The New Cambridge History of American Foreign Relations** William Earl Weeks, Walter LaFeber, Akira Iriye, Warren I. Cohen, 2013-04-08 This second volume of the updated edition describes the dynamics of United States foreign policy from 1865 to 1913 [American Foreign Relations Since 1600: a Guide to the Literature \[electronic Resource\]](#). T.W. ZEILER, 2007 **The American Ascendancy** Michael H. Hunt, 2007 A historical study that looks at America s path to global preeminence examines such key elements as wealth confidence and leadership in its rise to power from the nineteenth century to today and offers insight into the nation s problematic role in the modern day world and options for the future **The Craft of International History** Marc Trachtenberg, 2009-02-09 This is a practical guide to the historical study of international politics The focus is on the nuts and bolts of historical research that is on how to use original sources analyze and interpret historical works and actually write a work of history Two appendixes

provide sources sure to be indispensable for anyone doing research in this area The book does not simply lay down precepts It presents examples drawn from the author's more than forty years experience as a working historian One important chapter dealing with America's road to war in 1941 shows in unprecedented detail how an interpretation of a major historical issue can be developed The aim throughout is to throw open the doors of the workshop so that young scholars both historians and political scientists can see the sort of thought processes the historian goes through before he or she puts anything on paper Filled with valuable examples this is a book anyone serious about conducting historical research will want to have on the bookshelf

A Companion to James Madison and James Monroe Stuart Leibiger, 2012-07-31 *A Companion to James Madison and James Monroe* features essays from leading academics that consider various aspects of the lives and legacies of our fourth and fifth presidents Provides historians and students of history with a wealth of new insights into the lives and achievements of two of America's most accomplished statesmen James Madison and James Monroe Features 32 state of the field historiographic essays from leading academics that consider various aspects of the lives and legacies of our fourth and fifth presidents Synthesizes the latest findings and offers new insights based on original research into primary sources Addresses topics that readers often want to learn more about such as Madison and slavery

America's Entangling Alliances Jason W. Davidson, 2020-11-02 *America's Entangling Alliances* challenges the belief that the US resists international alliances By documenting thirty four alliances categorized as defense pacts military coalitions or security partnerships Davidson finds that the US demand for allies is best explained by looking at variance in its relative power and the threats it has faced

America and the Americas Lester D. Langley, 2010-04-15 In this completely revised and updated edition of *America and the Americas* Lester D Langley covers the long period from the colonial era into the twenty first century providing an interpretive introduction to the history of U S relations with Latin America the Caribbean and Canada Langley draws on the other books in the series to provide a more richly detailed and informed account of the role and place of the United States in the hemisphere In the process he explains how the United States in appropriating the values and symbolism identified with America has attained a special place in the minds and estimation of other hemispheric peoples Discussing the formal structures and diplomatic postures underlying U S policy making Langley examines the political economic and cultural currents that often have frustrated inter American progress and accord Most important the greater attention given to U S relations with Canada in this edition provides a broader and deeper understanding of the often controversial role of the nation in the hemisphere and particularly in North America Commencing with the French British struggle for supremacy in North America in the French and Indian War Langley frames the story of the American experience in the Western Hemisphere through four distinct eras In the first era from the 1760s to the 1860s the fundamental character of U S policy in the hemisphere and American values about other nations and peoples of the Americas took form In the second era from the 1870s to the 1930s the United States fashioned a continental and then a Caribbean empire From the mid 1930s to the early

1960s the paramount issues of the inter American experience related to the global crisis In the final part of the book Langley details the efforts of the United States to carry out its political and economic agenda in the hemisphere from the early 1960s to the onset of the twenty first century only to be frustrated by governments determined to follow an independent course Over more than 250 years of encounter however the peoples of the Americas have created human bonds and cultural exchanges that stand in sharp contrast to the formal and often conflictive hemisphere crafted by governments

American Foreign Relations since Independence Richard Dean Burns, Joseph M. Siracusa, Jason C. Flanagan, 2013-03-21 This book provides a succinct and accessible interpretation of the major event and ideas that have shaped U S foreign relations since the American Revolution historical factors that now affect our current debates and commitments in the Middle East as well as Europe and Asia *American Foreign Relations since Independence* explores the relationship of American policies to national interest and the limits of the nation s power reinterpreting the nature and history of American foreign relations The book brings together the collective knowledge of three generations of diplomatic historians to create a readily accessible introduction to the subject The authors explicitly challenge and reject the perennial debates about isolationism versus internationalism instead asserting that American foreign relations have been characterized by the permanent tension inherent in America s desire to engage with the world and its equally powerful determination to avoid entanglement in the world s troubles This work is ideally suited as a resource for students of politics international affairs and history and it will provide compelling insights for informed general readers

A Companion to Dwight D. Eisenhower Chester J. Pach, 2017-04-10 *A Companion to Dwight D Eisenhower* brings new depth to the historiography of this significant and complex figure providing a comprehensive and up to date depiction of both the man and era Thoughtfully incorporates new and significant literature on Dwight D Eisenhower Thoroughly examines both the Eisenhower era and the man himself broadening the historical scope by which Eisenhower is understood and interpreted Presents a complete picture of Eisenhower s many roles in historical context the individual general president politician and citizen This Companion is the ideal starting point for anyone researching America during the Eisenhower years and an invaluable guide for graduate students and advanced undergraduates in history political science and policy studies Meticulously edited by a leading authority on the Eisenhower presidency with chapters by international experts on political international social and cultural history

Blue and Gray Diplomacy Howard Jones, 2010-01-01 In this examination of Union and Confederate foreign relations during the Civil War from both European and American perspectives Howard Jones demonstrates that the consequences of the conflict between North and South reached far beyond American soil Jones explores a number of themes including the international economic and political dimensions of the war the North s attempts to block the South from winning foreign recognition as a nation Napoleon III s meddling in the war and his attempt to restore French power in the New World and the inability of Europeans to understand the interrelated nature of slavery and union resulting in their

tendency to interpret the war as a senseless struggle between a South too large and populous to have its independence denied and a North too obstinate to give up on the preservation of the Union Most of all Jones explores the horrible nature of a war that attracted outside involvement as much as it repelled it Written in a narrative style that relates the story as its participants saw it play out around them Blue and Gray Diplomacy depicts the complex set of problems faced by policy makers from Richmond and Washington to London Paris and St Petersburg

Reference Sources for Small and Medium-sized Libraries, Eighth Edition Jack O'Gorman, 2014-02-25 Focusing on new reference sources published since 2008 and reference titles that have retained their relevance this new edition brings O Gorman s complete and authoritative guide to the best reference sources for small and medium sized academic and public libraries fully up to date About 40 percent of the content is new to this edition Containing sources selected and annotated by a team of public and academic librarians the works included have been chosen for value and expertise in specific subject areas Equally useful for both library patrons and staff this resource Covers more than a dozen key subject areas including General Reference Philosophy Religion and Ethics Psychology and Psychiatry Social Sciences and Sociology Business and Careers Political Science and Law Education Words and Languages Science and Technology History and Performing Arts Encompasses database products CD ROMs websites and other electronic resources in addition to print materials Includes thorough annotations for each source with information on author editor publisher cost format Dewey and LC classification numbers and more Library patrons will find this an invaluable resource for current everyday topics Librarians will appreciate it as both a reference and collection development tool knowing it s backed by ALA s long tradition of excellence in reference selection

The Alabama, British Neutrality, and the American Civil War Frank J. Merli, 2004-11-17 A study of the Confederacy s inept attempts to win foreign support for its cause

Against the Grain, 2003

Allies in War: Britain and America against the Axis Powers, 1940-1945 Mark Stoler, 2022-10-24 Some historians are great because they write great books others because they write books that need to be written Mark A Stoler has done both *Allies in War* offers an accessible and gracefully written synthesis of the wealth of new and important scholarship addressing American and British grand strategy during World War II *Allies in War* presents a global overview of Anglo American cooperation against the Axis powers with a chronological account of the major diplomatic and military events It begins with a brief summary of World War I and the interwar years continues through the capitulation of Japan in September 1945 and concludes with a short discussion of the origins of the Cold War Stoler s story also covers the world war like a world war Each chapter covers major developments in every theater Stoler makes particular effort to recognize the critical role of the Soviet Union in winning World War II and its impact on Anglo American strategy *Allies in War* is a versatile work with a lot of uses Both students and professionals will find rewards This volume will be an excellent tool for teaching survey and elective history courses It will also aid in understanding the dynamics that attend coalition warfare The *Journal of American History* A decided tour de force Stoler provides an excellent and readable overview on a

global scale of the interrelated wartime military strategic and diplomatic decisions and contributions of the United States and Great Britain Stoler's forte is elegantly concise syntheses of massive outpourings of scholarship in both military and diplomatic history and judicious balanced and stimulating assessments of often controversial issues Lucid balanced nuanced and acute giving equal space to the wars in both Europe and Asia Stoler's interpretive overview is a valuable and welcome addition to its field *The Journal of Military History* This is the work of a mature historian comfortably in command of his material using his considerable experience to construct a tightly controlled narrative that carries the reader forward with little effort on his or her part a sure sign of considerable effort on the part of the writer Stoler's book is much more than the synthesis it might appear to be It is a masterly summary of existing scholarship but one enriched by his own knowledge of the archival and secondary material this book shines when it comes to grand strategy the reader wanting a potted and accurate evolution of Anglo American grand strategy will find all he or she will need here *The International History Review* Mark Stoler is supremely well qualified to undertake this volume Previous studies of Anglo American relations during the Second World War tend to focus on either the war in Europe or the war in the Pacific The originality of Stoler's approach is that he wants to cover both He seeks as well to incorporate the results of relatively recent publications on the Second World War The results are impressive Stoler's writing is a major strength of this book Stoler provides admirable surveys of the major historical controversies of the Anglo American war against the Axis powers such as the efficacy of the Allied strategic bombing campaign the utility of the Italian campaign and the continuing debate over the dropping of the atomic bombs on Hiroshima and Nagasaki Anyone who teaches courses on the history of the Second World War will find this volume a valuable resource *The Journal of Modern History* *Allies in War* is a solid survey of the war an effective synthesis of the most troublesome aspects of the special Britain US relationship *Naval History Magazine* An important new study by one of the leading scholars in the field David Reynolds University of Cambridge

The New Cambridge History of American Foreign Relations: Volume 2, The American Search for Opportunity, 1865-1913 Walter LaFeber, 2013-04-08 Since their first publication the four volumes of the Cambridge History of American Foreign Relations have served as the definitive source for the topic from the colonial period to the Cold War This second volume of the updated edition describes the causes and dynamics of United States foreign policy from 1865 to 1913 the era when the United States became one of the four great world powers and the world's greatest economic power The dramatic expansion of global power during this period was set in motion by the strike ridden bloody economic depression from 1873 to 1897 when American farms and factories began seeking overseas markets for their surplus goods as well as by a series of foreign policy triumphs as America extended its authority to Cuba Puerto Rico the Panama Canal Zone Central America the Philippines and China Ironically as Americans searched for opportunity and stability abroad they helped create revolutions in Central America Panama the Philippines Mexico China and Russia

The Small Wars of the United States, 1899-2009 Benjamin R. Beede, 2012-08-06 The Small

Wars of the United States 1899 2009 is the complete bibliography of works on US military intervention and irregular warfare around the world as well as efforts to quell insurgencies on behalf of American allies The text covers conflicts from 1898 to present with detailed annotations of selected sources In this second edition Benjamin R Beede revises his seminal work bringing it completely up to date including entries on the current conflicts in Iraq and Afghanistan An invaluable research tool The Small Wars of the United States 1899 2009 is a critical resource for students and scholars studying US military history
