Lesson 1: Origins of American Political Ideas

Origins

- The French, Dutch, Spanish, Swedish, and other colonists on explorers and trade settlements became the customs and, in the process, on American ideas when these have first occurred before the arrival of the first.
- The ideas in the largest numbers.
- The English controlled the 13 colonies that stretched for over 1,300 miles.
- The colonists brought with them on North America knowledge of the English political systems, including the idea of a government that is responsible to the people.
 - Limited Government means that government has to respect the rights of the people.
 - Consent of the Governed means that government should serve the people.

Magna Carta

- The English tradition of government grew from medieval documents.
- The Magna Carta (1215) states that the king does not have to follow the law.
- It also protects the rights of trial by jury and the right of habeas corpus.
- The Petition of Right (1628) states that the king cannot use the military or raise taxes without the consent of Parliament.
- The English Bill of Rights (1689) further limited the power of the monarchy and established the principle of parliamentary government.

Three Types of Colonies

- There were three types of English colonies that each provided a different form of government.
- Each colony was based on a different form of authority from the king.
- 1. Proprietary Colonies
- 2. Royal Colonies
- 3. Charter Colonies

Royal Colonies

- The royal colonies were subject to the king.
- By the end of the American Revolution in 1775, there were 10 royal colonies: New Hampshire, Massachusetts, New York, New Jersey, Virginia, North Carolina, South Carolina, Georgia, Florida, and Alabama.
