major philosophical problems relating to life the senses history and appearance and reality and more broadly a rethinking of the relation between philosophy and the arts Peretz shows Diderot to be a radical thinker well ahead of his time whose philosophical effort bears comparison to projects such as Gilles Deleuze's transcendental empiricism Martin Heidegger's fundamental ontology Jacques Derrida's deconstruction and Jacques Lacan's psychoanalysis *The Marx Brothers and America* Robert E. Weir, 2022-08-31 The ground has shifted from the days in which serious history and boring went hand in glove Textbooks and lectures have their place but less traditional classrooms can be powerfully immersive and insightful Take the 1929 Marx Brothers film *The Cocoanuts* and what it teaches about both the Great Depression and early sound films The Marx Brothers are among the funniest comedy teams of all time Four of their 13 films are on the American Film Institute's list of the 100 greatest American comedies ever made For many contemporary viewers though getting the jokes is not always easy because the humor can be subjective and timebound This work looks at the American past through the lens of the Marx Brothers films and other projects Each of the chapters focuses on a specific film contextualizing the world at the time and how the Marx Brothers lampooned those subjects Along the way the book demonstrates what the Marx Brothers revealed about weighty topics like gambling gender relations immigration medical care Prohibition race and war all leavened with offbeat humor *Global Scriptwriting* Ken Dancyger, 2013-06-26 *Global Scriptwriting* offers a look at an exciting new phase in screen storytelling as writers and directors from all over the world infuse traditional forms with their own cultural values to create stories that have an international appeal and suggest a universality among readers viewers and listeners A unique blend of screenwriting technique and film studies *Global Scriptwriting* discusses screen stories as they have evolved through the years focusing first on the basics of scriptwriting then going on to afford a more sophisticated look at script via different models of scriptwriting the Hollywood model the independent model the national model and various alternative models It examines the internationalization of storytelling and illustrates how particular innovations have helped national screen stories to international success This book is the first to incorporate the basics of the classical form with the innovative edge of the last decade as well the culture specific changes that have taken place outside of North America It offers readers a view of the enriched repertoire available to writers resulting from the introduction of cultural perspectives into traditional story forms Specific topics examined include the ascent of voice the search for new forms the struggle between style and content and the centrality of megagenre *American Theatre* Thomas S. Hischak, 2001-02-22 Volume Four of the distinguished *American Theatre A Chronicle of Comedy and Drama* series offers a thorough candid and fascinating look at the theater in New York during the last decades of the twentieth century **Feminism and Christian Ethics** Susan Frank Parsons, 1996-02-29 Feminists are aware of the diversity of thinking within their own tradition and of the different approaches to moral questions in which that is manifest This book describes and analyses that diversity by distinguishing three distinct paradigms of moral reasoning to be found within feminism Using the writings of feminists the major strengths

and weaknesses of each theory are considered so that creative dialogue between them can be encouraged Three common themes are drawn out which are also on the agenda of new developments in philosophical and Christian ethics the search for an appropriate universalism the possibility of a redemptive community and the development of a new humanism Feminists may be encouraged through this account of their considerable scholarship in ethical thinking to contribute to these changes with their special concern for the lives and the fulfilment of women Psychoanalytic Literary Criticism Maud

Ellmann,2014-01-14 This collection of essays provides students of literary critical theory with an introduction to Freudian methods of interpretation and shows how those methods have been transformed by recent developments in French psychoanalysis particularly by the influence of Jacques Lacan It explains how classical Freudian criticism tended to focus on the thematic content of the literary text whereas Lacanian criticism focuses on its linguistic structure redirecting the reader to the words themselves Concepts and methods are defined by tracing the role played by the drama of Oedipus in the development of psychoanalytic theory and criticism The essays cover a wide generic scope and are divided into three parts drama narrative and poetry Each is accompanied by explanatory headnotes giving clear definitions of complex terms

Stern,2008-04-15 American novels written in the wake of the Revolution overflow with self conscious theatricality and impassioned excess In *The Plight of Feeling* Julia A Stern shows that these sentimental melodramatic and gothic works can be read as an emotional history of the early republic

reflecting the hate anger fear and grief that tormented the Federalist era Stern argues that these novels gave voice to a collective mourning over the violence of the Revolution and the foreclosure of liberty for the nation's noncitizens women the poor Native and African Americans Properly placed in the context of late eighteenth century thought the republican novel emerges as essentially political offering its audience gothic and feminized counternarratives to read against the dominant male authored accounts of national legitimation Drawing upon insights from cultural history and gender studies as well as psychoanalytic narrative and genre theory Stern convincingly exposes the foundation of the republic as an unquiet crypt housing those invisible Americans who contributed to its construction

A Gentler God Doug Frank, 2020-07-09 What is God like Is he the lofty Almighty of conservative religion with power to stop heartbreaking human holocausts and deadly natural disasters but who inexplicably declines to do so Is he the callous Judge offering the faithful a place in his heaven while summarily casting the faithless into everlasting hell Is he the vain King on his throne requiring us to stroke his ego by praising him unceasingly for his awesome power If this is the God we have been taught it is no wonder that many people have come to realize that they do not like let alone trust him The simple certainties of their childhood no longer make sense But the equally assured assertions of today's atheists also leave them cold They want a personal connection with God an honest faith that grows out of their own felt truth and touches them at the deepest levels of their being This book points the way It dismantles the angry punitive God of traditional Protestantism and beckons us toward a kinder more welcoming God This God does not ask us to grit our teeth and try our best to believe Instead this God meets us in our humanity inviting our hearts to respond in genuine trust and love
