in Critical Pedagogy is a comprehensive introduction to the scholarly contributions of one of the foremost educational researchers of our time. The selected chapters and associated scholarly review essays constitute a reference resource for researchers, educators, students of education, and all of those with an interest in adopting a deeper view of ways in which policies and practices shape education and social life to produce privilege and disadvantage simultaneously in ways that are often hidden from view. The critical perspective that permeates these works constitutes ways of thinking and being in the world that others can adopt as a framework for analyzing their engagement in education as researchers, teachers, educators, policymakers, students, parents of students, and members of the community at large. Responding to each of Kincheloe's chapters is a scholar-teacher who is intimately familiar with the works, theories, and epistemologies of this unique scholar.
