ONCE in the dream of a night I stood
Lone in the light of a magical wood,
Soul-deep in visions that poppy-like sprang;
And spirits of Truth were the birds that sang,
And spirits of Love were the stars that glowed,
And spirits of Peace were the streams that flowed
In that magical wood in the land of sleep.
Lone in the light of that magical grove,
I felt the stars of the spirits of Love
Gather and gleam round my delicate youth,
And I heard the song of the spirits of Truth;
To quench my longing I bent me low
By the streams of the spirits of Peace that flow
In that magical wood in the land of sleep.

Questions 11-15. Read the passage and answer the questions given below. (5×1=5)

One of the greatest mysteries of bird life is migration. Every year during autumn and early winter, birds travel from northern regions of Asia, Europe and America to the southern warmer lands. They make the return journey again during spring and early summer. They are punctual unless they are delayed by bad weather. They face many dangers and hardships while travelling long distances through the air, over hills, forests, plains and large stretches of water. Sometimes sudden storms arise and drive them far out of their course of travel. At night bright lights attract and confuse the birds. Their migration speed is usually from 48 to 64 km an hour and rarely exceeds 80.

11. When do the birds migrate to southern warmer lands?
12. What do the birds do during spring and early summer?
13. What disrupts the punctuality of birds?
14. Why are birds confused at night?
15. Suggest a suitable title for the passage.
