Quick Answers to Tough Questions Bryan Osborne, Bodie Hodge, 2017-06-23 Today the faith of Christians is being undermined daily A relentless stream of secular attacks from supposedly solid science has put many Christians on the defensive Whether the argument is about evolution history or theology every believer must be able to provide an answer for the hope that is within them But you don't have to be an expert to respond effectively when confronted about your faith Quick Answers to Tough Questions gives you quick and concise answers to the tough questions that are often posed to believers regarding Creation and evolution Age of the earth and Noah's Ark Death and suffering Origin of life and missing links Biblical history and a biblical worldview help us to understand the past present and future Too many believers have fallen victim to those who say that the Bible's history is false or that science has disproved it Equip yourself to address the skeptical questions and comments of believers and unbelievers alike and successfully stand strong in your defense of the inerrancy and truth of God's Word **The Sunday School Teacher**, 1867 *The Lie* Ken Ham, 2012-10-15 Today Christians and those considering the Christian faith increasingly doubt the Bible's reliability Why What changed Revised Expanded for this special 25th anniversary edition Ken Ham points out the looming precipice too many church leaders are rushing towards a denial of the full authority and accuracy of the Bible from its very first verse In addition Ken powerfully shows how the unproven unscientific philosophy of evolution is driving young people away from the Christian faith and provides solid biblical solutions to turn things around The Lie uncovers Why Genesis remains critically important in presenting the Gospel This slippery slope of reinterpreting Scripture and redefining biblical doctrine How the handling of the biblical account of creation impacts your understanding of all of Scripture and your worldview The collapsing structure of Christianity as Genesis is questioned compromised and dismissed The religion of evolution The authority of God's Word versus man's fallible word Genesis as the foundation for all biblical doctrine Evolutionary ideas are actually destructive to the foundational message of the Cross of Jesus Christ Evolution is used to justify social issues such as abortion communism drug abuse homosexual practices and worse The successful use of creation evangelism to present the whole gospel message These issues are of critical importance when you realize that today we have Christians questioning Genesis the age of the earth the reality of Hell Adam as a real person and Christ's own words about creation marriage and more One compromise just leads to another and it has to end if we want to leave a legacy of faith to future generations Churches individuals and Bible colleges are using this Christian apologetic resource to strengthen their faith families and sharing of the whole gospel of Jesus Christ **Topic Bible Studies Addressing Everyday Problems and Questions - Series 1** Dennis G.
