Practical Precision Livestock Farming

T. Bahanzi,V. Halas,F. Maroto-Molina,2023-08-14 Precision livestock farming PLF technologies have been heavily promoted in the past but the implementation of these technologies is not easy Numerous technical challenges need to be solved before PLF technologies will supply the desired information in a reliable and consistent way Farm implementations regularly encounter difficulties The practical experience associated with these technologies do not always match their theoretical potential 93 authors from 16 countries were asked to report on the actual practical experiences technology developers and users had under farm conditions to try and understand this difference between practice and theory This book aims to eliminate the mystery behind the Smart PLF tools and presents the hard facts reported by individuals that have practical experience using these technologies The book also explores various aspects of PLF including the 1 challenges associated with developing and using various technologies 2 the importance of training and ethical aspects of PLF tools and 3 the difficulties related to commercialisation of PLF systems We hope that the honest presentation of the pros and cons of PLF management tools will help the supporters of precision farming to better use and interact with modern technologies and thus sustain viable livestock production worldwide
