Malini, Khatijah Lim Abdullah, Judith McFarlane, Jeff Evans, Yanti Puspita Sari, 2018-07-17 Andalus International Nursing Conference AINiC is a dedicated conference aimed at researchers in nursing public health and other health sciences topics The 1st AINiC 2017 was held in Padang West Sumatra Indonesia from 25-27 September 2017 The conference theme was Strengthening Research Capacity and Disseminating New Findings in Nursing and Public Health This event was successful in bringing together experts researchers healthcare professionals and students worldwide It was an inspiring occasion for most of the participants and was a great opportunity for research development learning especially with regard to disseminating new findings in nursing and to stimulate networking of nursing professionals researchers and educators The research topics that were presented during the conference have clearly indicated the need for literature development and guidance of clinical practice decisions We hope this conference has provided ample opportunities for participants to gain a more in depth understanding of knowledge and renewed perspectives All these aspects have been acknowledged by the participants during the conference The 1st AINiC was a rewarding event and we look forward to your attendance and participation in the next AINiC conference that will also provide stimulating research developments networking and cooperation Human Fallibility

Johannes Bauer, Christian Harteis, 2012-03-18 A curious ambiguity surrounds errors in professional working contexts they must be avoided in case they lead to adverse and potentially disastrous results yet they also hold the key to improving our knowledge and procedures In a further irony it seems that a prerequisite for circumventing errors is our remaining open to their potential occurrence and learning from them when they do happen This volume the first to integrate interdisciplinary perspectives on learning from errors at work presents theoretical concepts and empirical evidence in an attempt to establish under what conditions professionals deal with errors at work productively in other words learn the lessons they contain By drawing upon and combining cognitive and action oriented approaches to human error with theories of adult professional and workplace learning this book provides valuable insights which can be applied by workers and professionals It includes systematic theoretical frameworks for explaining learning from errors in daily working life methodologies and research instruments that facilitate the measurement of that learning and empirical studies that investigate relevant determinants of learning from errors in different professions Written by an international group of distinguished researchers from various disciplines the chapters paint a comprehensive picture of the current state of the art in research on human fallibility and learning from errors at work Dissertation Abstracts International ,2008 *News* ,1987
