Amazing Grace Jonathan Kozol Chapter Summary:

The Skeptical, Passionate Christian Michael F. Duffy, 2006-01-01 In the tone of a much loved college chaplain Duffy takes readers through a personal theological journey exploring what it means to discern and live out a thoughtful informed and responsible faith

A Theology as Big as the City Raymond J. Bakke, 2025-07-29 As we look at the world class cities around our planet we face five new urban realities a crack cocaine epidemic assault weapons massive numbers of homeless children HIV AIDS and in the U S what Time magazine has called the browning of America The needs of the urban population are greater than ever As our cities swell with immigrants I m reminded that Jesus was born in a borrowed barn in Asia and became an African refugee in Egypt so the Christmas story is about an international migrant Furthermore a whole village full of baby boys died for Jesus before he had the opportunity to die for them on the cross Surely this Jesus understands the pain of children who die for the sins of adults in our cities How does God see the city What does Scripture have to say about urban ministry These are the questions Ray Bakke has systematically addressed beginning with Genesis and continuing through to Revelation Here is a biblical theology that will constantly surprise and challenge as you get a glimpse of how big God s view of the city really is

Thomas Jefferson R. B. Bernstein, 2005-09-15 In this definitive short biography Bernstein deftly synthesizes the massive scholarship on his subject into an insightful evenhanded account illuminating Jefferson s central place in the American Enlightenment Book jacket

Youth in Prison M. A. Bortner, Linda Williams, 2012-11-12 Based on two years of intensive research in a juvenile prison this study tells the story of youths in a model program created after a class action lawsuit for inhumane and illegal practices It captures their lives inside and outside of prison from drugs gangs and criminal behaviour to the realities of families schools and neighbourhoods Drawing on experience that encompasses 20 years of juvenile justice research and policy analysis the authors scrutinize the prison s attempts to combine accountability and treatment for youths with protection for the public situating these within the larger social and political context

To Do Justice Rebecca Todd Peters, Elizabeth L. Hinson-Hasty, 2008-01-01 Encouraging Christians to call for public policies that benefit those most vulnerable in our nation To Do Justice offers tools for studying complex domestic social problems such as Social Security immigration the environment and public education and serves as a guidebook to becoming involved in social action Rooted in

Christian tradition each essay analyzes a contemporary problem from social biblical and theological perspectives before providing directions for public policy These engaged ethicists from across the mainline denominations provide concrete examples of how progressive minded Christians can work for justice in response to these moral dilemmas With discussion questions in each chapter this book is an excellent resource for classrooms both in colleges and in churches *Ethics in Light of Childhood* John Wall,2010-08-12 Childhood faces humanity with its own deepest and most perplexing questions An ethics that truly includes the world s childhoods would transcend pre modern traditional communities and modern rational autonomy with a postmodern aim of growing responsibility It would understand human relations in a poetic rather than universalistic sense as openly and interdependently creative As a consequence it would produce new understandings of moral being time and otherness as well as of religion rights narrative families obligation and power *Ethics in Light of Childhood* fundamentally reimagines ethical thought and practice in light of the experiences of the third of humanity who are children Much like humanism feminism womanism and environmentalism Wall argues a new childism is required that transforms moral thinking relations and societies in fundamental ways Wall explores childhood s varied impacts on ethical thinking throughout history advances the emerging interdisciplinary field of childhood studies and reexamines basic assumptions in contemporary moral theory and practice In the process he does not just apply ethics to childhood but applies childhood to ethics in order to imagine a more expansive humanity *Ecclesiastes (Redesign)* Philip Graham Ryken,2014-11-05 The book of *Ecclesiastes* is above all else unflinchingly honest Whether wrestling with the tedium of work the injustices of life the ravages of age or the inevitability of death this enigmatic Old Testament book takes a hard look at the way the world really is And yet as Phil Ryken points out in this instructive commentary *Ecclesiastes* wisely teaches people to trust God in the midst of such struggles Written with pastors and Bible teachers in mind this commentary will equip readers to better understand explain and apply the message of *Ecclesiastes* highlighting the book s enduring relevance as a testament to the ultimate duty of all people fearing God and keeping his commandments The *Psalms* is one of the most widely loved books of the Bible A source of instruction for our prayers inspiration for our songs and consolation for our tears these biblical poems resound with the whole spectrum of human emotion and teach us to hope in God each and every day In the first volume of a three part commentary on the *Psalms* pastor James Johnston walks readers through chapters 1-44 offering exegetical and pastoral insights along the way In an age that prizes authenticity this resource will help anyone interested in studying teaching or preaching the Bible to truly engage with God in a life changing and heart shaping way Part of the *Preaching the Word* series *Restorers of Hope* Amy L. Sherman,2004-11-04 It s easy to get discouraged at the reports of continuing decay in our inner cities and impoverished rural areas Yet in the midst of the dark realities some churches are transforming lives and reclaiming communities through effective holistic ministries *Restorers of Hope* tells their stories and identifies the keys to their success And it goes further by challenging churches to take up Christ s command to love your neighbor and offering

specific practical guidance on how to reach out By understanding the challenges of persistent poverty and the opportunities afforded by welfare reform you and your church will be better equipped to engage in redemptive ministry that presents the gospel as the true solution

Reading, Writing, and Justice James W. Fraser, 1997-07-24 Fraser argues that advocates of the public schools must recapture and redefine democracy so that it becomes both the purpose of public education and the model on which schools are structured Defending an inclusive understanding of democracy in which every citizen's contribution is essential to the health of the whole Fraser responds to mean spirited attacks on multicultural education on school funding and on progressive education itself Finally he explores the democratic and antidemocratic potential in increased use of computers in schools and in the reform of teacher education This is a book for teachers parents and other concerned citizens who care about public education who want schools to be democratic in the best sense and who seek ammunition for defending schools and for placing school issues in the larger context of the long struggle for a more just and humane society

Voices from the Camps James M. Freeman, Nguyen Dinh Huu, 2011-07-01 Wave after wave of political and economic refugees poured out of Vietnam beginning in the late 1970s overwhelming the resources available to receive them Squalid conditions prevailed in detention centers and camps in Hong Kong and throughout Southeast Asia where many refugees spent years languishing in poverty neglect and abuse while supposedly being protected by an international consortium of caregivers *Voices from the Camps* tells the story of the most vulnerable of these refugees children alone either orphaned or separated from their families Combining anthropology and social work with advocacy for unaccompanied children everywhere James M Freeman and Nguyen Dinh Huu present the voices and experiences of Vietnamese refugee children neglected and abused by the system intended to help them Authorities in countries of first asylum faced with thousands upon thousands of increasingly frightened despairing and angry people needed to determine on a case by case basis whether they should be sent back to Vietnam or be certified as legitimate refugees and allowed to proceed to countries of resettlement The international community led by UNHCR devised a well intentioned screening system Unfortunately as Freeman and Nguyen demonstrate it failed unaccompanied children The hardships these children endured are disturbing but more disturbing is the story of how the governments and agencies that set out to care for them eventually became the children's tormentors When Vietnam after years of refusing to readmit illegal emigrants reversed its policy the international community began doing everything it could to force them back to Vietnam Cutting rations closing schools separating children from older relations and other caregivers relocating them in order to destroy any sense of stability the authorities employed coercion and effective abuse with distressing ease all in the name of the best interests of the children While some children eventually managed to construct a decent life in Vietnam or elsewhere including the United States all have been scarred by their refugee experience and most are still struggling with the legacy Freeman and Nguyen's presentation and analysis of this sobering chapter in recent history is a cautionary tale and a call to action

The Lazarus Case John D.

Lantos,2007-10-15 In this volume John Lantos weaves a story that captures the dilemmas of modern medical practice He draws on his experience in neonatal medicine paediatrics and medical ethics to explore ethical dilemmas through one poignant representative situation *Place Matters* Peter Dreier,John Mollenkopf,Todd Swanstrom,2014-08-15 How can the United States create the political will to address our major urban problems poverty unemployment crime traffic congestion toxic pollution education energy consumption and housing among others That s the basic question addressed by the new edition of this award winning book Thoroughly revised and updated for its third edition *Place Matters* examines the major trends and problems shaping our cities and suburbs explores a range of policy solutions to address them and looks closely at the potential political coalitions needed to put the country s urban crisis back on the public agenda The problem of rising inequality is at the center of *Place Matters* During the past several decades the standard of living for the American middle class has stagnated the number of poor people has reached its highest level since the 1960s and the super rich have dramatically increased their share of the nation s wealth and income At the same time Americans have grown further apart in terms of where they live work and play This trend economic segregation no longer simply reflects the racial segregation between white suburbs and minority cities In cities and suburbs alike poor middle class and wealthy Americans now live in separate geographic spaces The authors have updated the case studies and examples used to illustrate the book s key themes incorporated the latest Census data and drawn on exit polls and other data to examine the voting patterns and outcomes of the 2012 elections They have expanded their discussion of how American cities are influenced by and influence global economic and social forces and how American cities compare with their counterparts in other parts of the world And they draw upon the latest research and case studies not only to examine the negative impacts of income inequality and economic segregation but also assess the efforts that civic and community groups unions business and government are making to tackle them Fully up to date and far richer and more provocative this new version surpasses its previous editions and will continue to be an essential volume for all who study urban politics and care about our cities Leadership for Educational Renewal Wilma F. Smith,Gary D. Fenstermacher,1999-03-22 From the *AgAnda for Education in a Democracy Series* Sponsored by the National Network for Educational Renewal Introduction by John I Goodlad This volume from the *AgAnda for Education in a Democracy series*introduces the four part mission that guides the National Networkfor Educational Renewal s *agAnda* Enculturate the young in a democracy Ensure access to knowledge for all students Provide caring and effective pedagogy Exercise responsible stewardship of schools Using real life case examples from an innovative nationalleadership program and its local and regional affiliates theauthors demonstrate why effective leadership is essential toadvancing this vital *agAnda* and how leadership capacity andcommitment can be cultivated From curriculum to evaluation thisimportant guide outlines the core concepts and winning strategiesfor building leadership skills in school administrators teachers teacher educators and other university faculty Brief Dramas for Worship Brenda M. Newman,Karen F.

Miller, 2005-09-01 *Brief Dramas for Worship* provides dramas that are suitable for both contemporary and traditional worship services. They are appropriate for use instead of a sermon or as the sermon. Included are questions and comments to use in a discussion following the service so that key insights from the biblical drama can be emphasized. The scripts do NOT require memorization. Each drama includes extensive helps which identify possible sets, simple costumes, and a detailed worship outline including hymn and praise song suggestions, original prayers, etc. These production notes provide effective professional presentation instructions. Permission is granted to reproduce scripts for use in congregational settings. Most of these biblically based dramas offer a woman's point of view about a scripture story or a scripture message. Some of the main characters are biblical people and others are contemporary people. Dramas include *The Bethlehem Child*, *Margaret a Grieving Mother Yearns for Her Wayward Son*, *Hosea 11:1*, *Bath Sheba and David*, *Lydia Pilate's Wife*, *Martha*, *Prescription for Peace*, *Caroline A Waitress Receives the Living Water*, *Eli's Wife*, *A Husband's Tale Brings Hope for Peace*, and *Mattie May A Mountain Woman's Tale of Gracious Plenty*.

Beyond Gender Binaries Cindy L. Griffin, 2020-10-13 *Beyond Gender Binaries* uses a feminist intersectional and invitational approach to understanding identities and how they relate to communication. Taking readers outside the familiar binary constructions of gender and identity, Cindy L. Griffin addresses through a feminist intersectional lens communication, identity, power, and privilege, personhood, and citizenship, safety in public and private spaces, and hegemony and colonialism. Twelve chapters focus on critical learning through careful exploration of key terms and concepts. Griffin illustrates these with historical and contemporary examples and provides concrete guides to intersectional approaches to communication. This textbook highlights not just the ways individuals, systems, structures, and institutions use communication to privilege particular identities discursively and materially, but also the myriad ways that communication can be used to disrupt privilege and respectfully acknowledge the nonbinary and intersectional nature of every person's identity. Key features include: Intersectional approaches to explaining and understanding identities and communication are the foundation of each chapter and inform the presentation of information throughout the book. Contemporary and historical examples are included in every chapter, highlighting the intersectional nature of identity and the role of communication in our interactions with other people. Complex and challenging ideas are presented in clear, respectful, and accessible ways throughout the book.

America's Demographic Tapestry James W. Hughes, Joseph J. Seneca, 1999. Beneath the surface of public policy concerns that seem temporary are powerful evolutionary forces with long-term effects. One of the most important of these is the profound demographic change taking place in America, change which has extraordinary social and economic consequences and far-reaching public policy implications for the future of the nation. James W. Hughes and Joseph J. Seneca have assembled experts on demography, immigration policy, and family life to explain and document both changes and prospects for changes. Contributors profile the contours of demographic change in America and identify select public policy challenges arising from this change. They cover a wide range of demographic shifts, baby

booms and baby busts rising immigration increasing ethnic and racial diversity the proliferation of different household configurations economic upward mobility that stems from the information age rather than the industrial economy and suburban and sunbelt gains America's Teachers Joseph W. Newman, 2002 This book offers prospective teachers a realistic look at teaching as a profession The writing is clear and accessible The research base and documentation are the strongest on the market The book is organized around four parts Part One of America's Teachers Teaching as an Occupation goes into extensive depth on motives for teaching the job market teacher salaries and evaluation trends in teacher education teacher organizations and legal issues Part Two Schools and Society offers full chapters on the history philosophy sociology and politics of education emphasizing the effects of increasing cultural diversity Part Three Issues for the Twenty First Century explores the ongoing competition between public schools and private schools and analyzes trends in the curriculum particularly the drive to state standards and high stakes testing For prospective teachers **Redeeming the Time** Stephen Bede Scharper, 1998-06-01 This is an examination of environmental theology from 4 major viewpoints Scharper explores the viewpoints of process theology the new cosmology of Thomas Berry ecofeminism and liberation theologians Champions of the Poor Barend A. DeVries, 1998-03-01 Barend A de Vries a distinguished international economist examines the economic roots of poverty the actions that can be taken to eradicate it and the ethical case for integrating the poor into the mainstream of society De Vries applies Judeo Christian ethics in particular the values of social justice and compassion for the poor to the problem of poverty in both the United States and in developing countries Bringing together the insights of economics and ethicists he considers both the economic feasibility of religious views regarding the eradication of poverty and the ethical aspects of economic programs He analyzes the poverty of women resulting from discrimination the impact of environmental degradation on the poor the allocation of funding to military rather than social programs and the implications of the enormous debts incurred by poor countries In addressing these conditions he demonstrates the pressing need for action on both economic and ethical grounds Champions of the Poor offers an unbiased presentation of the ethical positions taken by Jews Catholics mainline Protestants and Evangelicals and stresses the need for all social sectors religious and secular business labor and government to work together to eradicate poverty By reassessing poverty from these seemingly disparate approaches it seeks to bring us closer to solving this age old problem
