Sue the Messenger Subir Ghosh, 2016-04-24 Books come with certain advantages for the journalist researcher wanting to get the big story out to readers First there is a propensity among people to take a book more seriously than a news item or a series of reports in dailies websites or periodicals Besides books by their very nature have a shelf life Moreover a book on a contentious subject can be far more damaging for its subjects than news reports which are ephemeral by nature Public memory is short too In other words when a journalist brings out a publication that is critical in nature of a corporate the book is taken more seriously and perceived to be a far bigger threat A damning report in a newspaper or a magazine too would meet with the same kind of threat perception Overlay this with the socio political climate that has been prevailing in India since the Congress led United Progressive Alliance government was re-elected in 2009 Plagued by a number of scams and hamstrung by unbridled inflation the UPA's last days were marked by political turbulence The anti graft agitation of the India Against Corruption movement led to the formation of the Aam Aadmi Party but the political capital of the public discontent against corruption was reaped by the Bharatiya Janata Party which with its partners went on to form the government in New Delhi in May 2014 The crackdown on dissent that was practised by the UPA in fits and starts was institutionalised by the NDA *Sue the Messenger* is a collection of stories about stories stories that run foul of corporate entities and conglomerates which result in SLAPPs strategic litigation against public participation By their very nature SLAPPs are meant to undermine democracy This is the concern that journalists Subir Ghosh and Paranjay Guha Thakurta through *Sue the Messenger* wish to address

Grant Holloway, Managing Editor, *The Australian Online*. **The New Maharajahs** Claudia Cragg, 1996. Until India gained its independence from Britain in 1947, one third of the country was ruled by a lazy pampered group of 565 maharajahs or princes. They led hedonistic lives with scores of wives and concubines, palaces and jewels, and spent much of their time playing polo and tiger hunting. The late Prime Minister Indira Gandhi taxed the maharajahs almost out of existence, and few physical traces of their former glory remain. However, a new breed of commercial princes has sprung up in their place.

INDIA'S POLITICAL BLUNDERS: BLEEDING ITS BORDERS PRAHALAD RAO, 2021-05-03. This book strives to find out how the rulers of our country missed the opportunities in hand to resolve the boundaries of India with Pakistan and China. The author has used the words missed opportunities because opportunities to settle the borders were offered to the rulers of that time. But what happened instead was the wanton self-denial of those opportunities. Those errors of judgment and political mistakes cost the country heavily, both in terms of loss of lives and increasing monetary burden. What is waiting to come is difficult to predict. The author considers that the historical and legal documents of the past 200 years provide irrefutable grounds for India to reclaim the large tracts of land at the borders. The book urges the reader to think and wonder how long will India wait for this settlement. How can we silence the borders any longer when the noise has been growing louder for decades.
