Winner of several American Journal of Nursing Book of the Year awards. NEW! Nine new chapters ensure you have the most up-to-date information on key topics such as ethical dimensions of policy and politics, patient engagement, public health, women's reproductive health, emergency preparedness, new health insurance exchanges, and much more. NEW! The latest information and perspectives are provided by nursing leaders who influenced health care reform, including the Affordable Care Act. NEW! Emphasis on evidence-based policy throughout the text. NEW! A list of web links is included in most chapters for further study.

American Government and Politics Today Steffen W. Schmidt, Mack C. Shelley, Mack C. II. Shelley, Barbara A. Bardes, 1997. How major political issues in the past were resolved has had a lasting impact on American society. So will the ways in which some of today's important issues are resolved. Readers of this text will learn about these issues and the government institutions and processes that have framed their outcomes. Students will come to understand that politics is not an abstract process but a very human enterprise involving interaction among individuals from all walks of life. They will be encouraged to think critically about issues facing American government and society today. The authors have included the latest presidential, congressional, and state elections from November 1996. Preface.

Nuclear Politics in America Robert J. Duffy, 1997. Duffy's work traces nuclear politics from the creation of a powerful subgovernment through the public lobby reforms of the late 1960s and early 1970s and the deregulatory backlash of the Reagan years. He demonstrates that while policies did change in the 1970s, they did not change as much as other accounts have suggested, and that the industry continued to receive considerable federal support. The book is particularly significant for extending the discussion of nuclear policy through the Bush and Clinton years, including the controversy over waste disposal, new licensing procedures enacted in the 1992 Amendments to the Atomic Energy Act, and the effects of deregulation of electric utilities.
