European fascist movements that grew out of the crucible of the first World War MacLean maintains that the remarkable scope and frenzy of the movement reflected less on members power within their communities than on the challenges to that power posed by African Americans Jews Catholics immigrants and white women and youth who did not obey the Klan s canon of appropriate conduct In vigilante terror the Klan s night riders acted out their movement s brutal determination to maintain inherited hierarchies of race class and gender Compellingly readable and impeccably researched *The Mask of Chivalry* is an unforgettable investigation of a crucial era in American history and the social conditions cultural currents and ordinary men that built this archetypal American reactionary movement **Spirit of the Times and the New York Sportsman** ,1868
