Two Masters Richard M. Budd, 2020-05-26 Chaplain Richard M Budd has made a welcome concise well written and researched contribution to an overlooked chapter in chaplain history Anyone interested in gaining a better understanding of how the professional and fully institutionalized chaplaincy of today's military came about would do well by consulting Budd's book Bradley L Carter On Point Military chaplains have a long and distinguished tradition in the United States but historians have typically ignored their vital role in ministering to the needs of soldiers and sailors Richard M Budd corrects this omission with a thoughtful history of the chaplains who sought to create a viable institutional structure for themselves within the U S Army and Navy that would best enable them to minister to the fighting men Despite the chaplaincy's long history of accompanying American armies into battle there has never been consensus on its role within the military among the churches or even among chaplains themselves Each of these constituencies has had its own vision for chaplains and these ideas have evolved with changing social conditions and military growth Moreover chaplains acting as members of one profession operating within the specific environment of another raised questions of whether they could or should integrate themselves into the military In effect they had to learn to serve two institutional masters the church and the government simultaneously Budd provides a history of the struggle of chaplains to professionalize their ranks and to obtain a significant measure of autonomy within the military's bureaucratic structure always with the ultimate goal of more efficiently bringing their spiritual message to the troops

Congressional Record United States. Congress, 1993 **The Fighting Rabbis** Albert I Slomovitz, 1998-11-01 Reveals the significant and sometimes heroic roles rabbis have played in our nation's defense Rabbi Elkan Voorsanger received the Purple Heart for his actions during the Battle of Argonne Chaplain Edgar Siskin serving with the Marines on Pelilu Island conducted Yom Kippur services in the midst of a barrage of artillery fire Rabbi Alexander Goode and three fellow chaplains gave their own lifejackets to panicked soldiers aboard a sinking transport torpedoed by a German submarine and then went down with the ship American Jews are not usually associated with warfare Nor for that matter are their rabbis And yet Jewish chaplains have played a significant and sometimes heroic role in our nation's defense The Fighting Rabbis presents the compelling history of Jewish military chaplains from their first service during the Civil War to the first female Jewish chaplain and the rabbinic role in Korea Vietnam and Desert Storm Rabbi Slomovitz himself a Navy chaplain opens a window onto the fieldwork religious services counseling and dramatic battlefield experiences of Jewish military chaplains throughout our

nation's history From George Washington's early support for a religiously tolerant military to a Seder held in the desert sands of Kuwait these rabbis have had a profound impact on Jewish life in America Also striking are original documents which chronicle the ongoing care and concern by the Jewish community over the last 140 years for their fellow Jews including many new immigrants who entered the armed forces Slomovitz refutes the common belief that the U S military itself has been a hostile place for Jews in the process providing a unique perspective on American religious history
