PUNKER V. DIES MOYNES, P. T-11

1. According to Justice Alito Fortas, public school officials are allowed to censor students' speech if it "materially and substantially" interferes with normal school activities or violates the rights of others.
2. Fortas explains that the courts need to respect the authority of the states and school officials to keep order in school.
3. There was no evidence that the wearing of armbands interfered

with the work of the school. According to Fortas, the students "ceased discussion outside of the classrooms, but no interference with work and no disorder."

4. The Court ruled that students have the constitutional right to freedom of speech and expression at school—up to a point. Students are allowed to express themselves at school as long as their actions do not disrupt learning or interfere with the rights of others. The justices noted that schools must balance students' First Amendment rights with the need to maintain order.
5. Answers will vary but may include racism or threats of violence, because those types of expression could interfere with other students' safety or ability to learn.

Everything for Everyone Nathan Schneider, 2018-09-11 The origins of the next radical economy is rooted in a tradition that has empowered people for centuries and is now making a comeback A new feudalism is on the rise While monopolistic corporations feed their spoils to the rich more and more of us are expected to live gig to gig But as Nathan Schneider shows an alternative to the robber baron economy is hiding in plain sight we just need to know where to look Cooperatives are jointly owned democratically controlled enterprises that advance the economic social and cultural interests of their members They often emerge during moments of crisis not unlike our own putting people in charge of the workplaces credit unions grocery stores healthcare and utilities they depend on Everything for Everyone chronicles this revolution from taxi cooperatives keeping Uber at bay to an outspoken mayor transforming his city in the Deep South to a fugitive building a fairer version of Bitcoin to the rural electric co op members who are propelling an aging system into the future As these pioneers show co ops are helping us rediscover our capacity for creative powerful and fair democracy **The Education**

Invasion Joy Pullmann, 2017-03-14 Most Americans had no idea what Common Core was in 2013 according to polls But it had been creeping into schools nationwide over the previous three years and children were feeling its effects They cried over math homework so mystifying their parents could not help them even in elementary school They read motley assortments of informational text instead of classic literature They dreaded the high stakes tests in unfamiliar formats that were increasingly controlling their classrooms How did this latest and most sweeping reform of American education come in mostly under the radar Joy Pullmann started tugging on a thread of reports from worried parents and frustrated teachers and it led to a big

tangle of history and politics intrigue and arrogance She unwound it to discover how a cabal of private foundation honchos and unelected public officials cooked up a set of rules for what American children must learn in core K 12 classes and how the Obama administration pressured states to adopt them Thus a federalized education scheme took root despite legal prohibitions against federal involvement in curriculum Common Core and its testing regime were touted as an absolute game changer in public education yet the evidence so far suggests that kids are actually learning less under it Why then was such a costly and disruptive agenda imposed on the nation s schools Who benefits And how can citizens regain local self governance in education so their children s minds will be fed a more nourishing intellectual diet and be protected from the experiments of emboldened bureaucrats The Education Invasion offers answers and remedies **Research in Education** ,1971
