Reading Passage and Activities

Chinese Foot Binding

For centuries, Chinese women have been binding their feet to make them smaller and more delicate. This practice, known as foot binding, was a painful and dangerous tradition that was eventually banned in 1912. The process involved breaking the bones in the feet and binding them with tight bands. Women who bound their feet were often considered more beautiful and desirable, but the practice caused severe pain and health problems. Many women died as a result of the practice, and those who survived often had difficulty walking and standing.

fear and frustration for her African American sons in a society that is increasingly racist and at times seems irredeemable. However, as a mother, feminist writer, and intellectual, Perry offers an unfettered expression of love, finding beauty and possibility in life, and she exhorts her children and their peers to find the courage to chart their own paths and find steady footing and inspiration in Black tradition. Perry draws upon the ideas of figures such as James Baldwin, W. E. B. DuBois, Emily Dickinson, Toni Morrison, Ralph Waldo Emerson, and Ida B. Wells. She shares vulnerabilities and insight from her own life and from encounters in places as varied as the West Side of Chicago, Birmingham, Alabama, and New England prep schools. With original art for the cover by Ekua Holmes, *Breathe* offers a broader meditation on race, gender, and the meaning of a life well lived and is also an unforgettable lesson in Black resistance and resilience. **The Answer to the Lyre** Loftus

Jestin, 2017-04-10. In 1753, Robert Dodsley published *Designs by Mr R Bentley for Six Poems by Mr T Gray*, sponsored by Horace Walpole. This luxurious quarto was the first major aesthetic expression of the Strawberry Hill circle and a landmark in English book illustration. Kenneth Clarke called it the most graceful monument to Gothic Rococo. Its witty interplay between illustration and text anticipated Blake, who studied it some thirty years later. Among its poems is Gray's famous *Elegy*, written in a courtly churchyard. Loftus Jestin offers a facsimile of *Designs*, out of print since 1786, and a full-length interdisciplinary study of the collaboration of Bentley, Gray, and Walpole that produced this extraordinary book. He shows the way poems and illustration at once complement, compete with, and invigorate each other, and he examines Strawberry Hill, Walpole's house at Twickenham, where Bentley's genius flourished. He also considers the interplay of the sister arts in the work of Hogarth, Kent, and Pine, and surveys the tastes, friendships, economics, and politics that helped shape the development of Bentley's book illustrations.
