

> Workbook answers

Unit 1 Respiration

Topic 1.1 The human respiratory system

Exercise 1.1 The human respiratory system

1

Letter	Name
A	diaphragm
B	intercostal muscle
C	rib
D	lung
E	air sacs
F	bronchus
G	bronchiole
H	trachea (windpipe)
J	larynx (voicebox)

2

Letter	Function
C	protects the lungs
D	where oxygen gets into the body
E	where oxygen goes into the blood and carbon dioxide comes out
F	delivers air to the lungs
G	carries air from the bronchus, deep into each lung
H	carries air from the bronchioles to each air sac
J	makes sounds

3 Look for an answer that:

- is written entirely in the learner's own words, rather than copied from the text in the Learner's Book or elsewhere
- mentions each part in the correct sequence
- gives a brief description of each part.

Topic 1.2 Gas exchange

Exercise 1.2 Gas exchange

- 1 The entries should be arranged in order of either decreasing or increasing body mass. For example:

Mammal	Body mass in g	Total surface area of air sacs in m ²
human	80 000	70
sheep	68 000	60
fox	20 000	40
rabbit	1000	2
rat	300	0.8
mouse	20	0.1

- 2 The larger the body mass, the larger the total surface area of the air sacs. Learners might also add that the relationship is not proportional.
- 3 The larger an animal is, the more oxygen it will need, because it will contain more cells that are all respiring and using up oxygen. Having a larger surface area of air sacs enables more oxygen to diffuse into the body at the same time, which helps to supply the demands of the respiring cells. A similar argument could be put forward relating to the need to get rid of carbon dioxide produced by the respiring cells.

Topic 1.3 Breathing

Exercise 1.3A Measuring lung volumes

- 1 Use the measuring cylinder to measure a known volume of water – say 50 cm³. Pour the water into the bottle and mark its level as representing 50 cm³. Repeat with another known volume – say another 50 cm³ – and mark its level as 100 cm³. Keep doing this until they reach the top.

Answers To Messages 3 Work Cambridge

Jack C. Richards

Answers To Messages 3 Work Cambridge:

Cambridge Global English Stage 6 Teacher's Resource Jane Boylan, Claire Medwell, 2014-05-22 Cambridge Global English is a nine stage language rich course for learners of English as a Second Language following the Cambridge International Examinations curriculum framework Teacher's Resource 6 provides step by step guidance notes for teachers for each lesson in every unit to support teaching the content of Learner's Book 6 Notes on Activity Book 6 are also included A unit overview provides a snapshot of lesson objectives and the language and skills covered The notes include answer keys to activities in the Learner's Book and Activity Book complete audio scripts suggestions for differentiation and assessment cross curricular links portfolio opportunities and additional unit linked photocopiable activities and unit based wordlists
