1. Draw a picture to show the division. Express your answer as a fraction.

a. $1 \div 4$

$1 \div 4 = \frac{1}{4}$

b. $3 \div 5$

$3 \div 5 = \frac{3}{5}$

c. $7 \div 4$

$7 \div 4 = \frac{7}{4} = 1 \frac{3}{4}$

2. Using a picture, show how six people could share four sandwiches. Then, write an equation and solve.

$4 \div 6 = \frac{4}{6}$

$4 \times \frac{1}{6} = \frac{4}{6} = \frac{2}{3}$

Standards-based School Mathematics Curricula Sharon L. Senk, Denisse R. Thompson, 2020-07-24 The Curriculum and Evaluation Standards for School Mathematics published by the National Council of Teachers of Mathematics in 1989 set forth a broad vision of mathematical content and pedagogy for grades K 12 in the United States These Standards prompted the development of Standards based mathematics curricula What features characterize Standards based curricula How well do such curricula work To answer these questions the editors invited researchers who had investigated the implementation of 12 different Standards based mathematics curricula to describe the effects of these curricula on students learning and achievement and to provide evidence for any claims they made In particular authors were asked to identify content on which performance of students using Standards based materials differed from that of students using more traditional materials and content on which performance of these two groups of students was virtually identical Additionally four scholars not involved with the development of any of the materials were invited to write critical commentaries on the work reported in the other chapters Section I of Standards Based School Mathematics Curricula provides a historical background to place the current curriculum reform efforts in perspective a summary of recent recommendations to reform school mathematics and a discussion of issues that arise when conducting research on student outcomes Sections II III and IV are devoted to research on mathematics curriculum projects for elementary middle and high schools respectively The final section is a commentary by Jeremy Kilpatrick Regents Professor of Mathematics Education at the University of Georgia on the research reported in this book It provides a historical perspective on the use of research to guide mathematics curriculum reform in schools and makes additional recommendations for further research In addition to the references provided at the end of each chapter other references about the Standards based curriculum projects are provided at the end of the book This volume is a valuable resource for all participants in discussions about school mathematics curricula including professors and graduate students interested in mathematics education curriculum development program evaluation or the history of education educational policy makers teachers parents principals and other school administrators The editors hope that the large body of empirical evidence and the thoughtful discussion of educational values found in this book will enable readers to engage in informed civil discourse about the goals and methods of school mathematics curricula and related research Policy, Professionalization, Privatization, and Performance Assessment Theresa J. Gurl, Limarys Caraballo, Leslee Grey, John H. Gunn, David Gerwin, Héfer Bembenutty, 2016-02-19 This volume reviews the background of mandated teacher performance assessment with an emphasis on policy privatization and professionalization The authors discuss the potential impact of

mandated teacher performance assessments on teacher education in the content areas of mathematics English and social studies The perspectives and empirical research examined in this conceptual analysis illustrate the various ways in which the Stanford Center for Assessment Learning and Equity SCALE Teacher Performance Assessment edTPA promises to restructure teacher education in the United States The authors consider both the affordances and the constraints that teacher performance assessments offer for teacher preparation programs and conclude by discussing the implications of the intersections among policy privatization professionalization and performance assessments of teachers as well as the relationship between performance assessments and teacher education The impact of the edTPA on the development of signature pedagogies in teacher education is also discussed
