Night in the Galaxies Rock DiLisio,2016-11-03 Astronomers scan the night skies in search of the wonders of the universe Beyond searching for knowledge and information the scientists search for habitable planets and sometimes life Such is the case of two university astronomers who attract the attention of an unknown life form after their acquisition of a celestial object The acquisition leads to an astronomers dreamscientific contact but official sources want to ensure that the public stays uninformed Science verses revelation intertwine in an adventure where astronomy archaeology and history collide The truth is out there Not God Marc J. Straus,2006-05-15 The tread of the nurses leaving the room next door tells the woman her neighbor has died The language of the hospital is one she has unwillingly painstakingly learned the rhythm of machines the counting of pills the measuring of words the shadowy news of an MRI And in these harrowing eloquent poems she opens this world this language of illness to us revealing how deeply these words and rhythms are also the measure of life The views of her doctor are also evocatively expressed his anger struggles and hopes as he speaks of the delicate bond he forms with his ill patients Composed by a distinguished medical oncologist whose literary work has been performed in venues throughout the country the poems of Not God document one woman s encounter with cancer a journey through illness whose end while inevitable is also unknown Alternating with the words of her doctor these poems form a remarkable dialogue of the flesh becoming word and of the body inventorying and finally transcending its limitations **Popular Mechanics** ,1976
