Food Justice Undone Hanna Garth, 2026-02-03 Breaks open the privilege and promise of food justice to envision a radical liberatory future Food justice activists have worked to increase access to healthy food in low income communities of color across the United States Yet despite their best intentions they often perpetuate food access inequalities and racial stereotypes Hanna Garth shows how the movement has been affected by misconceptions and assumptions about residents as well as by unclear definitions of justice and what it means to be healthy Focusing on broad structures and microlevel processes Garth reveals how power dynamics shape social justice movements in particular ways Drawing on twelve years of ethnographic research Garth examines what motivates people from more affluent majority white areas of the city to intervene in South Central Los Angeles She argues that the concepts of food justice and healthy food operate as racially coded language reinforcing the idea that health problems in low income Black and Brown communities can be solved through individual behavior rather than structural change *Food Justice Undone* explores the stakes of social justice and the possibility of multiracial coalitions working toward a better future
