Computer Education ,1987 **First Corinthians Bible Commentary - a Bible commentary on First Corinthians** , This verse by verse commentary on First Corinthians offers a thorough but very understandable commentary on the entirety of Paul s letter to the Corinthians Since the First Corinthians letter touches on a number of different subjects this volume also offers some special studies to more fully explore what the Bible says on additional topics like civil government the role of women in the church spiritual gifts etc If you want to have a better understanding of First Corinthians this commentary will help you Here is a small sample of the text Introduction to First Corinthians 13 Some consider 1 Cor 13 the love chapter of the Bible or a parenthetical description of love but this chapter is actually an integral part of Paul s discussion about spiritual gifts Since the Corinthians were rude jealous and boastful it was necessary for them to go beyond their present pursuit To the apostle the development of the character of the person was superior to the exercise of the gift His contrasts chap 13 are clear gifts without love vs gifts with love and the permanence of love vs the temporal nature of gifts Gromacki p 159 Stated another way verses 1 3 affirm that spiritual gifts were worthless without love verses 4 7 affirm that love was superior to the gifts and verses 8 13 assert that spiritual gifts were temporal but love abides Although 1 Cor 13 may seem familiar to many

this chapter is often one of the most misunderstood parts of the New Testament The Corinthians elevation of spiritual gifts over love is seen in places such as 12 13 25 14 27 33 40 It is also found by contrasting the qualities in 1 Cor 13 with other sections of this epistle For instance love suffers long 13 4 but tongue speakers at Corinth were impatient 14 27 28 Love does not envy 13 4 but the Corinthians envied the gifts of others chapter 12 Love is not puffed up 13 4 but tongue speakers were proud compare 13 1 Love causes people to act in a kind and orderly way but some of the Corinthians behavior was disorderly 14 23 40 Love is not unseemly but the Corinthians were at risk of unseemly behavior in their families 1 Cor 7 36 as well as their Sunday assemblies 1 Cor 11 2 16 17 34 Agape love does not seek its own 13 5 but these Christians were seeking their own see 1 Cor 8 and the discussion about idol meat Love keeps people from rejoicing in evil 13 6 but the Corinthians rejoiced in evil 1 Cor 5 2 6 There were various things that provoked these brethren 13 5 and it seems they were keeping a record of evil 1 Cor 13 5 It was time for the members of this congregation to show some spiritual maturity and demonstrate the type of love that bears all things believes all things hopes in all things and endures all things 1 Cor 13 7

According to Aristotle Kevin L. Flannery, 2013-09-24 Aristotle according to the author depicts the way in which human acts of various sorts and in various combinations determine the logical structure of moral character Some moral characters or character types manage to incorporate a high degree of practical consistency others incorporate less without forfeiting their basic orientation toward the good Still others approach utter inconsistency or moral deprivation although even these insofar as they are responsible for their actions retain a core element of rationality in their souls According to Aristotle moral character depends ultimately on the structure of individual acts and on how they fit together into a whole that is consistent or not consistent with justice and friendship From publisher s description **Course 1 Applications and Connections**
