,1974 *Education in Vietnam* Martin Hayden,Thi Le Tran,2024-08-02 Offering insights into the current and projected
future state of the education system in Vietnam this edited volume is an authoritative sourcebook for scholars policy analysts
academic staff and students Vietnam is well on its way to joining the dress circle of high achieving education nations in Asia
International surveys of the academic aptitude and ability of the nation s youth consistently place it well above relevant
regional and global averages This accomplishment is remarkable for a country with a gross domestic product per capita of
only US 2 785 in 2020 The dynamics of Vietnam s national education system are comprehensively documented in the book
Each of the country s education sectors is critically appraised as well as the culture of education in Vietnam Specific issues
concerning funding and equity quality and accreditation the teaching of curriculum areas the internationalisation of the
system and the provision of educational opportunities for young people with disabilities are carefully analysed against a
background of relevant global trends With contributions from well established and highly respected local experts with high
aspirations for the future development of the national education system in Vietnam this book will be a must read for
academics and students of Southeast Asian studies and comparative education **Scientific and Technical Aerospace**

Education Caroline Strevens,Richard Grimes,Edward Phillips,2016-04-22 The importance of simulation in education
specifically in legal subjects is here discussed and explored within this innovative collection Demonstrating how simulation
can be constructed and developed for learning teaching and assessment the text argues that simulation is a pedagogically
valuable and practical tool in teaching the modern law curriculum With contributions from law teachers within the UK
Australia Hong Kong South Africa and the USA the authors draw on their experiences in teaching law in the areas of clinical
legal education legal process evidence criminal law family law and employment law as well as teaching law to non law
students They claim that simulation as a form of experiential and problem based learning enables students to integrate the
classroom experience with the real world experiences they will encounter in their professional lives This book will be of
relevance not only to law teachers but university teachers generally as well as those interested in legal education and the
theory of law *Globalisation, Populism, Pandemics and the Law* Findlay, Mark,2021-07-31 Advocating a style of law and a
role for legal agency which returns to its essential humanist ideology and represents public spiritedness this unique book
confronts the myths surrounding globalisation advancing the role for law as a change agent unburdened from its current
