The Roots of Low Achievement Sandra Stotsky,2019-07-02 The chief purpose of this book is to explain how public education in this country became dysfunctional as a result of the education policies and programs funded by the federal government to address low academic achievement It highlights student effort as a central factor in academic achievement based on research noting its significance Teachers and school administrators cannot make children ready for college or career by grade 12 if their parents do not make them ready for school learning by kindergarten or grade 1 Once both the schools and students parents together made students ready for membership in our civic culture They learned they were politically equal to each other with a shared civic identity regardless of academic achievement Yet policy makers at USED and philanthropists in this country with a professed interest in the education of low achievers want low achievers to believe that their academic status is all that matters and that they haven t succeeded academically because of bigoted teachers administrators and communities Parent school partnerships need to revive their community s agreed upon mission for public education if we are to alter the roots of low achievement in this country **Second Language Testing for Student**

Structural Racism Stephen Menendian, 2025-06-30 This book explains how racial inequality in the United States is produced and perpetuated and what should be done about it It develops the elusive concept of structural racism presenting a precise definition that is clear and comprehensible and illustrates how it operates methodically and rigorously Many other books are long on problems and short on solutions whereas this book develops the key principles that must ground a structural reform agenda and then presents a broad ranging set of interventions organized around ten themes that will reduce racial disparities while expanding opportunity for all Unlike most books on race which focus on a particular issue or sector this book is comprehensive in its scope encompassing the vital systems that shape racial inequality in contemporary American society from education and public schools to income and wealth disparities to housing and health care to policing and the criminal justice system As such this book is the ideal text for readers seeking to learn more about structural racial inequality in society how it came to be that way and what we should do about it while deepening our understanding and challenging many misguided or simplistic prevailing notions In a time of backlash to racial justice and growing doubts about racial equity initiatives this book is a timely and necessary entry A must read for advocates students policymakers and researchers alike

Community Series: Towards a Meaningful Instrumental Music Education. Methods, Perspectives, and Challenges - Volume II Andrea Schiavio, Marja-Leena Juntunen, Dylan van der Schyff, Luc Nijs, 2024-02-26

Trying to understand the complex interplay between effective learning and personal experience is one of the main challenges for instrumental music education Much of the research that focuses on effective learning outcomes often adopts experimental methodologies that do not allow for a thorough examination of the subjective and social processes that accompany each student's musical journey on the contrary contributions dedicated to the detailed analysis of the learners lived experience often do not offer generalizable outcomes to different types of learning and teaching

Teacher Emotions Matter: Nature, Antecedents, and Effects Junjun Chen,Hongbiao Yin,Anne Christiane Frenzel,2021-01-05 When Teaching Writing Gets Tough Annamary Consalvo,Ann D. David,2024 Writing instruction is a particular challenge because there is no singular linear solution to teaching students to write well This book approaches writing as a wicked problem that takes place in complicated contexts Through both scholarly research and teacher reflection it examines ELA classrooms and the experiences of writing teachers to identify approaches that have proven effective with adolescents The book uses wickedity to frame the problems of teaching writing and offers context specific solutions enacted by teachers While it addresses the realities of standardized ways of teaching and assessing writing the book also highlights the deep professional knowledge and practical strategies teachers bring to writing instruction in middle and high school classrooms Chapters grapple with tensions between testing and authenticity assessing writing in nuanced ways and finding enjoyment in the work of teaching writing amid and alongside persistent complexities Specific topics include students writing process revision students as decision makers multimodal writing assessment and writer s notebooks data driven instruction the high school to college transition and teacher professional development Book Features Includes examples of how teachers approach specific challenges associated with teaching writing to adolescents analyzing how and why their solutions proved effective Focuses on students engaged in writing in classrooms teachers implementing writing strategies and professional learning Offers a range of relevant voices on the topic of writing instruction with authors that include classroom teachers and scholars Achieving Equal Educational Opportunity for Students of Color Richard R. Valencia, Valencia presents the most comprehensive theory based analysis to date on how society and schools are structurally organized and maintained to impede the optimal academic achievement of low SES marginalized K 12 Black and Latino Latina students compared to their privileged White counterparts The book interrogates how society contributes to educational inequality as seen in racialized patterns in income wealth housing and health and how public schools create significant obstacles for students of color as observed in reduced access to opportunities e g little access to high status curricula knowledge Valencia offers suggestions for achieving equal education e g implementing fairness of school funding improving teacher quality and providing students of color access to multicultural

education by disrupting structural racism Considering the rapid aging of the White population and the sharp decline of White youth coupled with the explosive growth in people of color this book argues that the American Imperative must be to assiduously mount an effort to provide an excellent education for students of color who the nation will depend on for a sizable proportion of its work force Book Features Examines how society and schools are failing Black and Latino Latina students principally Mexican Americans who are by far the largest Latino Latina group Uses theoretical frameworks that draw from analysis of structural inequality critical race theory anti deficit thinking narratives class by race covariation and an asset based perspective of students of color Discusses the American Imperative and the personal and economic consequences of not investing in students of color
