Clarity of Mind Edwin Wegman, 2002-01-29 One's sets of beliefs have remarkable influence throughout the mind both in general attitudes and in governing how the mind apprehends and comprehends the outside world It is important to know these beliefs for what they are in order to assess and if necessary counterbalance their pervasive effects They can both blind and hypersensitize They are only imperfectly encapsulated Much of the history of philosophy is a concern with distinguishing beliefs from reality What can we know and how do we know it Belief precedes perception and forms a framework for it Here belief has a meaning beyond religion We perceive only what we expect to see We are by no means the objective observers we think we are We superimpose our preconceptions on the sensory data in spite of the fact that the sensory data are sometimes at odds with our preconceptions We surrender only slowly to the sensory input Such preconceptions are very useful We see objects more quickly and clearly if we know what we are looking for The downside of this way of seeing results in the persistence of unnatural beliefs or the supernatural I have not seen elsewhere the concept that monotheism is the natural precursor of the idea that the universe is governed by law which is the necessary philosophical foundation of science It is intriguing that the chronology and geography of philosophical development suggest an even wider than acknowledged Mosaic influence Prayer is futile insofar as it is a petition The granting of prayers would be self contradictory Seeking a purpose in life is futile There is compelling logic that none can be found Drop universalist longings Open your eyes and your heart to the satisfaction of the incremental

Susan Haack: Reintegrating Philosophy Julia F. Göhner, Eva-Maria Jung, 2016-02-26 This volume documents the 17th Münster Lectures in Philosophy with Susan

Haack the prominent contemporary philosopher It contains an original programmatic article by Haack on her overall philosophical approach entitled *The Fragmentation of Philosophy the Road to Reintegration* In addition the volume includes seven papers on various aspects of Haack's philosophical work as well as her replies to the papers Susan Haack has deeply influenced many of the debates in contemporary philosophy In her vivid and accessible way she has made ground breaking contributions covering a wide range of topics from logic metaphysics and epistemology to pragmatism and the philosophy of science and law In her work Haack has always been very sensitive in detecting subtle differences The distinctions she has introduced reveal what lies at the core of philosophical controversies and show the problems that exist with established views In order to resolve these problems Haack has developed some middle course approaches One example of this is her famous *Foundherentism* a theory of justification that includes elements from both the rival theories of *Foundationalism* and *Coherentism* Haack herself has offered the best description of her work calling herself a passionate moderate
