Stace, 2018-03-10 It is natural that at the commencement of any study one should be expected to say what the subject matter of that study is Botany is the knowledge of plants astronomy of the heavenly bodies geology of the rocks of the earth's crust What then is the special sphere of philosophy What is philosophy about Now it is not as easy to give a concise definition of philosophy as it is of the other sciences In the first place the content of philosophy has differed considerably in different periods of history In general the tendency has been to narrow down the scope of the subject as knowledge advanced to exclude from philosophy what was formerly included in it Thus in the time of Plato physics and astronomy were included as parts of philosophy whereas now they constitute separate sciences This however is not an insurmountable difficulty What chiefly militates against the effort to frame a definition is that the precise content of philosophy is differently viewed by different schools of thought The Round Table , 1868 **Defoe's Moll Flanders** Nancy Levi Arnez, 1996 Study aid includes brief summary summaries and discussions critical analysis character sketches critical opinions study questions and selected bibliography *A History of the Political Philosophers* George Catlin, 2019-11-19 Originally published in 1939 this book was intended as a guide to political theory intelligible to the common reader with quotations from the original sources sufficiently extensive to enable

them to sample for themselves the taste and colour of these writings This history of theory has been placed against brief descriptions as background of the civilization of the times as the reader passes down the avenues of thought from age to age It is a history of political thought set against the background of the history of civilization but that thought is also displayed in the setting of the characteristics and biographies of the thinkers whose minds we search and whom we seek to know familiarly however long ago gone to dust **The Freemason's Chronicle** ,1886
