Tao,Anthony B. L. Cheung,Martin Painter,Chenyang Li,2009-12-18 Harmony has become a major challenge for modern governance in the twenty first century because of the multi religious multi racial and multi ethnic character of our increasingly globalized societies Governments all over the world are facing growing pressure to integrate the many diverse elements and subcultures which make up modern pluralistic societies This book examines the idea of harmony and its place in politics and governance both in theory and practice in Asia the West and elsewhere It explores and analyses the meanings mechanisms dimensions and methodologies of harmony as a normative political ideal in both Western and Asian philosophical traditions The book argues that in Western political thought which sees politics as primarily concerned with resolving social conflicts and protecting individual rights the concept of harmony has often been neglected In contrast since earliest times harmony or he has been a profound theme in Confucian thought and current leaders of many East Asian governments and the Chinese government have explicitly declared that the realisation of a harmonious society is their aim The book also assesses how harmony is pursued jeopardized or deformed in the real world of politics based upon empirical analysis of a variety of different cultural social and political contexts including China Hong Kong Singapore Malaysia Singapore Vietnam Denmark Latin America and the Scandinavian countries It shows how harmony as an organizing concept can help to promote new thinking in governance and overcome problems of modern day governance like distrust adversarial conflicts hyper individualism coercive state intervention and free market alienation It also discusses the potential problems posed by the pursuit of harmony in particular in the grave threat of totalitarianism and considers how these risks could best be mitigated

Nazeer-Ikeda, 2020-10-29

The relationship between teacher education and internationalization is often regarded as one that has just begun sparked by globalization and its knowledge economy This book questions such an assumption by arguing that although contemporary demands on teacher education have intensified the need for internationalization teacher education and internationalization have a deep and complex relationship which is context dependent and has developed differently over time This book urges its readers to question and rethink overly nationalistic approaches to teacher education It shows how the internationalization of teacher education could be used as a strategic tool to support sustainable educational development and meet labor market demands for twenty first century competencies It puts the spotlight on the imperatives for internationalizing teacher education and its present forms and considers this current phenomenon in the context of Singapore This nation state has a history of internationalization albeit with differing rationales dimensions and strategies Internationalization has been a key driver of the Singapore education system s sustained growth from its humble beginnings to its present state as one of the best performing education systems in the world This book will be of great interest to policy makers academics researchers and graduate students in the fields of international and comparative education teacher education and South East Asian studies Globalization and the Singapore Curriculum Zongyi Deng, S Gopinathan, Christine Kim-Eng Lee, 2013-11-27 This volume provides a multi faceted and critical analysis of the Singapore curriculum in relation to globalization First it details reform initiatives established by the Singapore government to meet the challenges posed by globalization Next Globalization and the Singapore Curriculum presents how these reforms have been translated into programs school subjects and operational frameworks and then examines in turn how well these have been implemented in schools and classrooms across

the country Through this examination the book reveals how the initiatives together with their curricular translation and classroom enactment reflect on the one hand global features and tendencies and on the other distinct national traditions concerns and practices It brings to light a set of issues problems and challenges that not only concern policymakers educators and reformers in Singapore but also those in other countries as well Written by curriculum scholars policy analysts researchers and teacher educators Globalization and the Singapore Curriculum offers an up to date reference for postgraduate students scholars and researchers in the areas of curriculum and instruction comparative education educational sociology educational policy and leadership in Singapore the Asia Pacific region and beyond It also offers a vital contribution to the story of modern education around the globe providing international students scholars and researchers valuable insights into curriculum and curriculum reform for the 21st century Science ,2016 *Science* ,2016
