"LIFE" SAVING TAX SOLUTIONS William E. Flikeid, 2014-02-21 I want to thank you sincerely for taking the time to read this book I know you ll be happy you did The messages you are about to discover will change the way you think about retirement planning and for many of you it will absolutely empower the future for you and your family for generations to come At the heart of this book are surprising secrets designed to save you and your loved ones a fortune in assets potential buckets of money your estate would otherwise give up to the government for no reason at all Here s why I don t want to sound like someone caught up in conspiracy theories not my style but I strongly suspect that Congress may be out to get me and YOU tax wise that is And for good reason During the past five years in particular we as a nation have run up one mountain of debt and deficit and if we don t want to stand idly by and watch significant portions of our estate legacies disappear it s time to alter a few well entrenched financial strategies We all know about the massive federal debt our country amassed during the last recession That s no secret is it We also know that as a nation we will all have to pitch in and somehow pay it all off The one way to get there will be through increased taxation Count on it Who will pay the tax You and I will be asked to pay the brunt of it you can count on that as well Prudent investors and those trying to preserve their assets in retirement must accordingly begin to think about certain perfectly legal money making tax preservation strategies the fundamentals of which I will reveal to you in the coming pages of this book I can t say it enough My clients have been astounded by the results Once they realize how simple and easy it is to save thousands upon hundreds of thousands of dollars in family assets they realize how financially devastated their families might have been had they never heard the invaluable wealth saving advice you are about to review It is certainly no secret that from the beginning of 2013 the federal government began raising income taxes not only for the wealthy but for most Americans across the board Sure many of us have been deferring the eventual payment of taxes through instruments like annuities But a time of reckoning is coming for millions of retirees While many prudent investors and retirees have been solidly immersed in tax deferral investment vehicles an impending vulnerability actually created by tax deferral forms one of the central points I want to make in this book Fact is the IRS is entitled to its fair share of income tax and if we have been deferring tax in things like annuities and IRAs over the past decade or more many of us may be losing sleep over the next big hurdle in the financial planning process Here s where this book departs from others you may have read I m not talking about the accumulation or preservation of retirement assets I m leading up to the one central issue so many of us have wanted to avoid through the

years I m talking about the final distribution phase of retirement planning when government taxation stands to take a toll not only on your current financial picture but the legacy many must inevitably leave behind **Corporate Income Taxes**

under Pressure Ruud A. de Mooij,Mr.Alexander D Klemm,Ms.Victoria J Perry,2021-02-26 The book describes the difficulties of the current international corporate income tax system It starts by describing its origins and how changes such as the development of multinational enterprises and digitalization have created fundamental problems not foreseen at its inception These include tax competition as governments try to attract tax bases through low tax rates or incentives and profit shifting as companies avoid tax by reporting profits in jurisdictions with lower tax rates The book then discusses solutions including both evolutionary changes to the current system and fundamental reform options It covers both reform efforts already under way for example under the Inclusive Framework at the OECD and potential radical reform ideas developed by academics
