

### Placement Test Instructions.

The Test is organized in ascending order of difficulty according to the content in American Think Books. The early questions cover the content of American Think 1 Student's Book, and the last set of questions cover content from the American Think 3 Student's book. It is fine, therefore, if a student reaches a certain point where they feel the test has become too difficult, to let them turn it in before having finished the remaining questions. Students will be tested on their English grammar, vocabulary, reading and conversation skills. The placement test package includes an additional and separate listening test to be used at the instructor's discretion.

The answer key provided can be suited to determine which level of English would be most suitable for a learner. For example, if a learner is able to answer all of the American Think 1 questions correctly, but unable to answer all of the American Think 2 questions correctly, American Think 1 is likely to be the most suitable level for that student.
