Reflections on Solitude and Other Essays Sameer Grover, 2011-11-28 REFLECTIONS ON SOLITUDE and other ESSAYS explores a diverse range of topics from Eastern mysticism to mathematics while blending in an element of fantastic realism Sameer Grover is one of the eminent voices of our time **Main Currents in Modern Thought**, 1975

Dimensions of Moral Education Robert Edgar Carter, 1984 This introduction to the philosophy of moral education is rooted in the Socratic method of teaching and learning to begin to know you must first recognize what you do not know or see Carter shows the value of that myopia his striking metaphor for partial knowing over either blindness hopeless ignorance or 20/20 vision intellectual arrogance All education which is philosophically enriched is seen as an activity rather than as body of knowledge or a collection of answers The author seeks to chart a path between authoritarianism and radical scepticism Applying the same critical method to moral education Carter first examines the fashionable Values Clarification approach then critically analyses Lawrence Kohlberg's stages of moral judgement Building on his conclusions he focuses on the importance of the person in existentialist thought The notions of choice responsibility and commitment are examined and it is argued that existential absurdity may prevent intellectual and moral senility at any age but possibly only at the cost of moral paralysis the inability to find any reason for doing or caring about anything Carter addresses this problem by considering the various meanings of value and by examining empathetic learning and valuing Carter's discussion has enormous implications for moral educators today who are attempting to steer a course between the pressing claims of moral relativism on the one and moral absolutism on the other from back cover **Wellbeing in Interiors** Elina

Grigoriou, 2019-08-28 This 4 colour practical guide explores how the design of interior spaces impacts wellbeing In the built environment this topic is generally overlooked even though it is one of the most important topics in sustainable building This book will enable project teams to understand how specific decisions about sustainable design and materials can be implemented on a day to day basis Each Part ends by placing each issue into context exploring how it is a part of sustainable design and includes practical examples This book raises awareness of the impact interior environments have on wellbeing and provide details and guidance on how to immediately apply the knowledge in this book to short and long term projects It also quantifies the impacts in financial and other value terms making this book immediately useful in a designer's day to day work **Mathematical Reviews**, 2008 Reports from Commissioners Great Britain. Parliament. House of Lords, 1853

Technocrime, Policing, and Surveillance Stéphane Leman-Langlois, 2013 The growth of technology allows us to imagine entirely new ways of committing combating and thinking about criminality criminals police courts victims and citizens Technology offers not only new tools for committing and fighting crime but new ways to look for unveil label crimes and new ways to know watch prosecute and punish criminals This book builds on the work of Leman Langlois last book Technocrime and brings together fresh perspectives from eminent scholars to consider how our relationship with technology
