Do you feel personally threatened by people around them who seem to be in an objectively bleaker situation? For the Empath, listening comes naturally and so does absorbing energy from the person you are talking to. This can mean that you end up taking on a lot of negativity, anger, frustration, and other uncomfortable emotions. As you start to feel the effects of these feelings, it can make it harder to listen well and comfortably. The ability to listen can get upset by the emotional energy of the people around you and can distort your emotional state as well. Every experience that you simply have skilled has created the person who you're now. Be the role model, set the example, be a good listener, and do not talk until the other person is done. Understand the opinions of other people, but remember you do not have to agree with them. Being empathetic can be a tough challenge, but still, there are many people that practice it. Apply empathy every day and enjoy the benefits. Of all of the talents an Empath possesses, listening may be one of the most notable. Listening skills are effective in any situation and are what help us to engage more fully with the world around us. When you can hear what is going on, you can participate more closely and provide a keener sense of understanding. You can also hear things on another level, things that are unspoken but nevertheless still communicating to us through body language, gestures, facial expressions, and energy. Finding your tactics for listening from the heart can be helpful, and with a little practice, you can learn how to compliment being a heartfelt listener while still protecting and shielding your energy from being disrupted from the negativity involved. This book covers: Managing Your Relationships, Appreciate Your Emotions, What Empaths Can Do for Sick People, Pointers to Guide You as an Empath, Managing the Positive Forces, Discover and Improve Your Strengths Such as Leadership and Creativity Through Empathy.
