Global Trends, Dynamics, and Imperatives for Strategic Development in Business Education in an Age of Disruption Zhuplev, Anatoly, Koepp, Robert, 2021-10-22 Over the past two centuries the world's socio-economic progression has gone through profound paradigm changes unfolding along four major development stages. Higher education has been an important part of this process. The accelerated pace of technological socio-economic and business innovations as well as ongoing fundamental changes in the real world call for progress in pedagogy. While modern universities have adapted in various degrees through information platforms such as Blackboard or Brightspace video conferencing and other technological innovations, they still commonly rely on pedagogical ideas and concepts rooted in a thoroughly pre-modern era rooted in medieval times. *Global Trends, Dynamics, and Imperatives for Strategic Development in Business Education in an Age of Disruption* explores the genesis of higher education and its contemporary structure and profile in major global regions and discusses key trends, dynamics, drivers, and developmental imperatives currently shaping business education. Covering topics such as business education, online education, and strategic development, this book is essential for teachers, managers, trainers, faculty, administrators, policymakers, researchers, academicians, and students involved in studies that include industrial, economic, social, urban, innovation, legal, and policy development. *Global Leadership* Mark E. Mendenhall, Joyce S. Osland, Allan Bird, Gary R. Oddou, Michael J. Stevens, Martha L. Maznevski, Günter K. Stahl, 2025-10-29 This text offers a comprehensive up-to-date view of the global leadership field since the publication of the third edition of this volume in 2018. Focusing on leading across cultural, economic, social, national, and political boundaries simultaneously, *Global Leadership Research Practice and Development* fourth edition presents an in-depth summary of the field's past and latest studies and practices in a succinct and engaging style that helps both managers and students grasp the complexities of global leadership. The conceptual flow of the book follows the same pattern as the third edition. Users of previous editions will notice that the structure of the last edition has been retained, but each chapter has been updated where relevant with coverage of seminal research that has occurred in the field since the publication of the last edition of the book. Many of the tables remain but have been revised and updated to reflect the current state of research in the field. We believe this approach will be helpful to instructors who use *Global Leadership Research Practice and Development* as a textbook, as they will not have to significantly revise their lesson plans but rather can straightforwardly update them with new information from the existing chapters within their course designs. Importantly, *Global Leadership Research Practice and Development* is also a valuable guide for executives and managers who work in the global context, graduate students of global leadership, international business, and general leadership classes, as well as for scholars and managers seeking a thorough understanding of the current research literature. PowerPoint slides and a list of suggested cases are available to further assist instructors. **Global Trends, Practices, and Challenges in Contemporary Tourism and Hospitality Management** Batabyal, Debasish, Das, Dillip
