Amber Elliott, 2016-03-31 We all know what IQ means, but how many of us understand emotional intelligence or EQ? Despite the fact that many are now talking about it, and that bigger and bigger areas of society and even of the corporate world have realized that emotional intelligence is the key to real and lasting success, few people actually know what it really is, and even fewer know how to develop it. Yet all the great leaders we know and admire display one common quality: a high level of emotional intelligence. Some of them may have been just about average when it comes to their IQs, but they all had an extremely high EQ. Think about Dr. Martin Luther King, Princess Diana, Mahatma Gandhi, or Oprah Winfrey. For example, what they all share is the ability to understand instinctively what their followers felt and to have an amazing emotional connection.
