Benjamin Lazier, 2012-06-24 Could the best thing about religion be the heresies it spawns Leading intellectuals in interwar Europe thought so They believed that they lived in a world made derelict by God's absence and the interruption of his call In response they helped resurrect gnosticism and pantheism the two most potent challenges to the monotheistic tradition In God Interrupted Benjamin Lazier tracks the ensuing debates about the divine across confessions and disciplines He also traces the surprising afterlives of these debates in postwar arguments about the environment neoconservative politics and

heretical forms of Jewish identity In lively elegant prose the book reorients the intellectual history of the era God Interrupted also provides novel accounts of three German Jewish thinkers whose ideas seminal to fields typically regarded as wildly unrelated had common origins in debates about heresy between the wars Hans Jonas developed a philosophy of biology that inspired European Greens and bioethicists the world over Leo Strauss became one of the most important and controversial political theorists of the twentieth century Gershom Scholem the eminent scholar of religion radically recast what it means to be a Jew Together they help us see how talk about God was adapted for talk about nature politics technology and art They alert us to the abiding salience of the divine to Europeans between the wars and beyond even among those for whom God was long missing or dead
