coaches demonstrate how to overcome common and challenging coaching situations Coaching Yourself sidebars and end of chapter Questions for Reflection challenge you to think critically about your own coaching style and how to apply key principles in real coaching situations Sample coaching forms that can be modified for personal use are provided online Written by coaches for coaches Successful Coaching is a practical readable and useful resource that you ll refer to throughout the season and cherish more than your playbook Successful Coaching is the text for Human Kinetics Coaching Principles course Coaching Principles is recognized by numerous state high school and athletic directors associations school districts national governing bodies and other sport organizations as meeting coaching education and certification requirements In addition hundreds of colleges and universities have adopted Coaching Principles for graduate and undergraduate coaching programs Note A code for accessing HKPropel is included with all print books

Understanding and Using Educational Theories Karl Aubrey, Alison Riley, 2025-11-05 This textbook gives readers an accessible overview of 20 of the most influential thinkers on education including long established names Vygotsky Piaget Bruner more recent theorists Dweck Goleman Rosenshine and other key individuals whose writing has helped shaped our views on teaching and learning Each chapter includes practical examples showing how theories can be used to inform classroom teaching and critiques of each theorist exploring opposing viewpoints and the strengths and weaknesses of different ideas This fourth edition includes A new chapter on John Sweller and cognitive load theory A new next steps feature in every chapter offering research project suggestions for students and suggestions for essay questions and discussion topics for tutors This is essential reading for any university course that covers learning theory with particular relevance for initial teacher education education studies and early childhood degrees

Books Out Loud , 2004

Transforming Teaching and Learning in Higher Education Seng Chee Tan, Shen-Hsing Annabel Chen, 2020-07-07 This book chronicles the journeys of educational researchers and academics who have engaged in research and development to improve teaching and learning at universities It highlights the research evidence approaches and in many cases the journey of transformation rather than prescribing certain principles of and approaches to effective instruction In other words it not only describes the destination but also various pathways leading toward it Further it focuses on mechanisms for improving the approaches discussed rather than simply determining whether one works better than the other As such novice and seasoned academics and teaching staff in higher education will benefit from this book not just from the teaching and learning approaches it highlights but also from the insights into the respective journeys The research and development methods and approaches discussed here will also appeal to researchers working in teaching and learning in higher education
