VOLVO OWNER'S MANUAL XC90

pg. I Introduction

Welcome to the world-wide family of Volvo owners. We trust that you will enjoy many years of safe driving in your Volvo, an automobile designed with your safety and comfort in mind. To help ensure your satisfaction with this vehicle, we encourage you to familiarize yourself with the equipment descriptions, operating instructions and maintenance requirements/recommendations in this manual. We also urge you and your passengers to wear seat belts at all times in this (or any other) automobile. And, of course, please do not operate a vehicle if you may be affected by alcohol, medication or any impairment that could hinder your ability to drive.

Your Volvo is designed to meet all applicable safety and emission standards, as evidenced by the certification labels attached to the driver's door opening and on the left wheel housing in the engine compartment.

Phil Edmonston

2007 Volvo Xc90 Owners Manual:

User Experience Design in the Era of Automated Driving Andreas Riener, Myounghoon Jeon, Ignacio Alvarez, 2022-01-01 This book is dedicated to user experience design for automated driving to address humane aspects of automated driving e.g. workload, safety, trust, ethics and acceptance. Automated driving has experienced a major development boost in recent years. However, most of the research and implementation has been technology driven rather than human centered. The levels of automated driving have been poorly defined and inconsistently used. A variety of application scenarios and restrictions has been ambiguous. Also, it deals with human factors, design practices and methods as well as applications such as multimodal infotainment, virtual reality, augmented reality and interactions in and outside users. This book aims at 1) providing engineers, designers and practitioners with a broad overview of the state of the art user experience research in automated driving to speed up the implementation of automated vehicles and 2) helping researchers and students benefit from various perspectives and approaches to generate new research ideas and conduct more integrated research.
