Harrison Smith, *Alien Abductions* Lisa Owings, 2019-08-01 Are we alone in the universe Those that believe in alien abductions think they know the answer This title explores the mysteries of alien abductions and the tools and technology behind researching them to debate the question of whether aliens have ever visited Earth Alien Abductions Justin Erickson, 2011-01-01 Engaging images accompany information about alien abductions The combination of high interest subject matter and light text is intended for students in grades 3 through 7 Provided by publisher **Homecoming Vol. 1 Collected Edition** Scott Lobdell, David Wohl, Collects Homecoming 1 4 Nobody ever said being a teenager was easy Just when you thought it was safe to go back to High School Aspen Comics proudly presents an all new series created by Michael Turner Scott Lobdell and David Wohl HOMECOMING Hunter Wilson is just an average American teenager in an average American town but when the beautiful and amnesiac Celeste arrives in his backyard Hunter's life will change forever He discovers that Celeste had disappeared from that very house 10 years earlier and now she's back with little memory of who she was but with strange fantastic abilities and the knowledge that dark forces are rapidly approaching Now Hunter must help Celeste regain her memory while he tries to keep himself and his friends safe and if that wasn't difficult enough Homecoming is just a week away and he doesn't have a date to the dance yet **Health and the Media** Valentina Marinescu, Bianca Mitu, 2016-06-05 Analyzing the relationship between medicine and the media from different perspectives these new essays fill a gap in this emerging field providing new information on approaches to health communication and important reevaluations of health literacy theories The contributors discuss ideas and methodologies across a range of topics including multifaceted health communication media coverage of maternal health the rhetoric of diagnosis in autoimmune illness media representation of the sick in data driven healthcare and health news coverage in print media Sleep Paralysis Shelley R Adler, 2011-01-15 Sleep Paralysis explores a distinctive form of nocturnal fright the night mare or incubus In its original meaning a night mare was the nocturnal visit of an evil being that threatened to press the life out of its victim Today it is known as sleep paralysis a state of consciousness between sleep and wakefulness when you are unable to move or speak and may experience vivid and often frightening hallucinations Culture history and biology intersect to produce this terrifying sleep phenomenon Although a relatively common experience across cultures it is rarely recognized or understood in the contemporary United States Shelley R Adler's fifteen years of field and archival research focus on the ways in which night mare attacks have been

experienced and interpreted throughout history and across cultures and how in a unique example of the effect of nocebo placebo's evil twin the combination of meaning and biology may result in sudden nocturnal death U.F.O. Abductions, Fallen Angels, and Aliens Dennis Callen, 2022-10-14 The Bible declares in the Book of Revelation in chapter 12 that we will see this one day when the devil and his angels will be cast down to earth Not all angels have wings Therefore they must have something to fly in We know them as UFOs In the book people tell their stories of being abducted by aliens They tell us how their lives were drastically altered Many of them had been abducted many times I believe you will find their testimonies different from anything you've ever read *Aliens and UFOs: Physical, Psychic or Social Reality? need to know the basic facts to be informed about the way evidence is recorded and to understand the difference between reliable evidence and fiction as well as between plausible explanations and fantasy With this objective the book surveys the history of UFO observations the variety of recorded phenomena and recounts the efforts of investigative commissions and their published findings Although wild rumors are demystified in the process this is not an exercise in rumor bashing An open and at the same time critical mindset is the key Many narratives and hypothesis appear implausible relative to our present state of knowledge but this alone should not lead to their outright exclusion Thus the author also pays attention to UFO sightings that have so far eluded explanation in terms of known physics or meteorology Here the reader will encounter some of the more speculative but scientifically tenable proposals for example relating to sudden zigzag motion without apparent inertia or recognizable propulsion yet always with a clear guide to their plausibility Last but not least the book outlines plans and suggestions for future research capable of revealing the existence and intentions of extraterrestrial intelligences outer space engineers or technologies so far known only from science fiction

Ireland Seán Ó Nualláin, 2012-12-04 On Easter Monday 24 April 1916 the socialist writer James Connolly ordered an armed group to march down Dame Street in Dublin in what became a citizens occupation of Dublin city centre As Connolly hoped the shockwave launched by the doomed uprising kindled fires of revolution throughout the colonies during all of the 20th century On 18 November 2010 a small unescorted group of IMF technocrats walked down Dame Street home of their goal the Irish Central Bank to articulate the re colonisation of Ireland Ireland A Colony Once Again first explains the lack of public protest by the Irish in the face of a grim future In particular the author argues that the IMF move simply cemented in place a deal done long ago between globalized corporatism and Irish Catholic nationalism Almost all sectors of Irish civil society that might have offered resistance including Connolly's Labour movement had long ago been bought off or destroyed However the vacuum created by the perceived fall of the neoliberal world order in 2008 affords an opportunity to re construct Ireland In particular the author argues that the mechanisms used to buttress the current order from the state security apparatus to the mainstream media have a less firm hold on power than appears at first sight to be the case Furthermore given its history culture and geographic location Ireland is very well placed to re imagine and re invent itself in a short space of time in freedom and joy

Moss, 2016-11-29 J P Moss is an Experienter of the paranormal ufo encounters and E T contact an author researcher and with a back ground in technology uses infrared photography to capture unusual images which have captured the publics attention from all over the world from a remote location near a town in Suffolk England United Kingdom In a time when UFO sightings are at an all time high everyone is asking the question Are we alone J P has set off bravely to capture not once but numerous times in a forest in Suffolk images that suggest we are not alone and the over all disclosure of E T contact and current visitation to Earth as so many believe may in fact be a reality

Decide for yourself after seeing the pictures *A.D. After Disclosure* Richard Dolan, Bryce Zabel, 2025-09-12 What if the UFO cover up is real and what if it ended After Disclosure poses this fascinating question and looks at the societal consequences of such a revelation Richard Dolan and Bryce Zabel have produced a thoughtful and provocative analysis that goes well beyond the usual scope of books on UFOs and alien life Nick Pope Former Chief of UK Ministry of Defence UFO Desk What if UFO secrecy ended tomorrow The transition from B C Before Confirmation to A D After Disclosure is the ultimate what if scenario in which the calendar is reset and history begins again This work of speculative non fiction combines meticulous fact finding from historian researcher Richard M Dolan and forward leaning scenarios from journalist screenwriter Bryce Zabel on the world s most mind bending subject The authors predict radical changes after official acknowledgment that at least some UFOs are intelligently controlled craft from somewhere other than Earth A D After Disclosure isn t afraid to make mind blowing specific predictions such as Congress will hold Watergate style hearings and ask secret keepers What did you know and when did you know it The first decade A D After Disclosure will be like a high tech 1960s spawning massive cultural and societal change Abductees will file a class action suit against the government for withholding critical information All the textbooks on planet Earth from history to science will need an immediate review Whether disclosure leads to social panic or ushers in a new era of unity and peace it will undoubtedly be a game changing event **The Alien Abduction Phenomenon** Paul Meehan, 2025-06-16 News reports books articles and films about alien abductions have long captured the public imagination This book traces the evolution of the phenomenon from the late 1940s flying saucer era and the contactee and occupant sightings of the 1950s to the widespread abduction stories of the 1960s and beyond It examines how broader social cultural and scientific contexts have shaped these accounts and offers a critical analysis of their interpretations over time Also discussed are the key researchers who have sought to understand the nature and intentions of alleged extraterrestrial beings or ufonauts while addressing the skepticism about the subject The efforts of the scientific community to investigate unidentified aerial phenomenon UAP and abductions are assessed acknowledging both the challenges and limitations of such inquiries Firsthand encounters with non human entities are examined attempting to uncover the forces behind these sightings and arguing that there could be unforeseen consequences of ignoring the phenomena **Project Disclosure** Bryce Zabel, Richard M. Dolan, 2014-12-15 Anyone interested in UFO phenomena will be captivated by this extensive account of the history of UFO sightings and what can happen once the existence of aliens on Earth is finally revealed an event the authors feel is sure to happen very soon Authors Dolan and Zabel both respected UFOlogists detail what will happen A D After Disclosure including how both governments and people will respond to the confirmation that we are not alone in the universe This book is a goose bump raising thrill ride one sure to provoke thought spark debate and entertain in equal measure *The Brown Mountain Lights* Wade Edward Speer, 2017-04-21 Mysterious nighttime lights near Brown Mountain in North Carolina s Pisgah National Forest have intrigued locals and visitors for more

than a century The result of a three year investigation this book identifies both manmade and natural light sources including some unexpected ones behind North Carolina s most famous ghost story History science and human nature are each found to play a role in the understanding and interpretation of the lights people see **True Stories of Alien Abduction** Stanton T. Friedman,Kathleen Marden,2014-07-15 This volume is perfect for the armchair UFO enthusiast and budding scientist This compilation of stories from leading scientists and UFO experts will pique any young person s interest in the possibility that UFOs really exist Included are accounts from the world s leading experts on new evidence of famous sightings as well as the unearthing of famous classified files Also one leading nuclear physicist says how close we are to interstellar travel For fans of The X Files and Roswell conspiracies this title will dispel any doubts about the existence of alien life **Teleparody** Angela Hague,David Lavery,2002 In a cautionary attempt to dissuade those who might be tempted to write such material Teleparody is a compilation of reviews of fictional but all to possible contributions to academic Television Studies *Alien Abduction in the Cinema* Paul Meehan,2023-08-03 The alien abduction phenomenon is one of the enduring enigmas of our time While the reality of alien abductions is a hotly debated topic among UFO researchers scientists skeptics and true believers alike the phenomenon indisputably exists as an artifact of popular culture This book analyzes more than 75 films that draw their inspiration from allegedly fact based accounts of alien contact from 1951 s The Man from Planet X to Contactee in 2021 These films are examined in terms of both their cinematic qualities and their exploration of thematic elements derived from abduction reports Abduction motifs that appear in science fiction classics such as The Day the Earth Stood Still 2001 and Close Encounters are analyzed as well as those in lesser known films like The Stranger Within Starship Invasions Dark Skies and Proximity Special attention is given to movies based on the famed experiences of abductees Betty and Barney Hill Whitley Strieber and Travis Walton The book also addresses skeptical theories about the origins of the phenomenon in science fiction and examines an uncanny prescience that appears to anticipate these inexplicable occurrences
