A Place for T Robert H. Lengel,2023-01-17 Dr Lengel offers a thought provoking twist on Aesop s Hare Tortoise fable reframing it as a Human Race pitting our Hare brained heads against our Tortoise inspired hearts As we run faster and faster in our Hare like pursuits of wealth power and status we are leaving no place for the slow and steady Tortoise to speak for our humanity As a result the author poses the possibility we are creating a world with our intellects and technology that we can t relate to emotionally and spiritually We might be outrunning our humanity and setting the stage for the Hare to win this human race by default Our inability to engage each other in civil and respectful conversations the hate and violence infecting our culture and leadership failures in organizations might be evidence this sinister end is fast approaching This book is a hard hitting and at times poetic invitation to step back from our busy lives sit with the author on his front porch and question our lives and work It is an inspirational reminder of Mahatma Gandhi s warning that there is more to life than simply increasing its speed In a conversational format Dr Lengel guides us down a hopeful path forward a path illuminated

by what he calls divergent thinking His words are a siren call to wake up and realize we can't afford Hare-brained progress at the cost of our souls We need A Place for T in our lives now to account for the unaccountable while we still have time
