Algeria Frances Undeclared War Making Of The:

Algeria Martin Evans, 2011-11-24 Invaded in 1830 populated by one million settlers who co existed uneasily with nine million Arabs and Berbers Algeria was different from other French colonies because it was administered as an integral part of France in theory no different from Normandy or Brittany The depth and scale of the colonization process explains why the Algerian War of 1954 to 1962 was one of the longest and most violent of the decolonization struggles An undeclared war in the sense that there was no formal beginning of hostilities the conflict produced huge tensions that brought down four governments ended the Fourth Republic in 1958 and mired the French army in accusations of torture and mass human rights abuses In carefully re examining the origins and consequences of the conflict Martin Evans argues that it was the Socialist led Republican Front in power from January 1956 until May 1957 which was the defining moment in the war rather than the later administration under De Gaulle Predicated on the belief in the universal civilizing mission of the Fourth Republic coupled with the conviction that Algerian nationalism was feudal and religiously fanatical in character the Republican Front dramatically intensified the war in the spring of 1956 Drawing upon previously classified archival sources as well as new oral testimonies France s Undeclared War is the first major English language history of the Algerian conflict in a generation Throughout Martin Evans underlines the ultimately irreconcilable conflict of values between the Republican Front and Algerian nationalism explaining how this clash produced patterns of thought and action such as the institutionalization of torture and the raising of pro French Muslim militias which tragically polarized choices and framed all stages of the conflict

The Algerian War in French/Algerian Writing Jonathan Lewis, 2018-10-05 This book will enlighten readers on the importance of literature in contributing to historical knowledge Will provide readers with comprehensive understanding of the development of writing by French authors of Algerian origin from its emergence in the 1980s to the present day Emphasizes the contemporary relevance of the Algerian War and the afterlives of empire on twenty first century society and culture

The Algerian War, The Algerian Revolution Natalya Vince, 2020-11-07 This book provides a new analysis of the contested history of one of the most violent wars of decolonisation of the twentieth century the Algerian War the Algerian Revolution between 1954 and 1962 It brings together an engaging account of its origins course and legacies with an incisive examination of how interpretations of the conflict have shifted and why it continues to provoke intense debate Locating the war in a century long timeframe stretching from 1914 to the present it multiplies the perspectives from which events can be seen The pronouncements of politicians are explored alongside the testimony of rural women who provided logistical support for guerrillas in the National Liberation Front The broader context of decolonisation and the Cold War is considered alongside the experiences of colonised men serving in the French army Unpacking the historiography of the end of a colonial empire the rise of anti colonial nationalism and their post colonial aftermaths it provides an accessible insight into how history is written

Citizenship and Antisemitism in French Colonial Algeria, 1870-1962 Sophie B. Roberts, 2017-12-28

Examines the relationship between antisemitism and the practices of citizenship in a colonial context focusing on experiences of Algerian Jews The Battle for Algeria Jennifer Johnson, 2016 The Battle for Algeria offers a new interpretation of the Algerian War 1954-1962 that highlights the social dimensions of the National Liberation Front's winning strategy specifically its health care and humanitarianism programs which targeted the local and international arenas and directly contributed to Algerian sovereignty *Algeria* Martin Evans, 2012 The first full account for a generation of the war against French colonialism in Algeria setting out the long term causes of the war from the French occupation of Algeria in 1830 onwards

Algeria, 1830-2000 Benjamin Stora, 2001 This book translates three of Stora's published works into one concise scholarly and welcome survey Accessible to the nonspecialist Highly recommended for all levels Choice Foreword by William B Quandt A particularly vicious and bloody civil war has racked Algeria for a decade Amnesty International notes that since 1992 in a population of 28 million 80 000 people have been reported killed and the actual total is almost certainly higher This terrible war overshadows Algeria's long and complex history and its prominence on the world economic stage second in size among African nations Algeria has the longest Mediterranean coastline and contains the world's fifth largest natural gas reserves *Algeria 1830-2000* is a comprehensive narrative history of the country Benjamin Stora widely recognized as the leading expert on Algeria presents the story of this turbulent area from the start of formal French colonialism in the early nineteenth century through the prolonged war for independence in the latter 1950s to the internal strife of the present day This book adapts and updates three short volumes published originally in French by La Découverte For this English edition Stora has written a new introductory chapter on Algeria's colonial period 1830-1954 and has revised the final section to bring the volume up to date **The Routledge Handbook of the History of Settler Colonialism** Edward Cavanagh, Lorenzo Veracini, 2016-08-12 The Routledge Handbook of the History of Settler Colonialism examines the global history of settler colonialism as a distinct mode of domination from ancient times to the present day It explores the ways in which new polities were established in freshly discovered New Worlds and covers the history of many countries including Australia New Zealand Israel Japan South Africa Liberia Algeria Canada and the USA Chronologically as well as geographically wide reaching this volume focuses on an extensive array of topics and regions ranging from settler colonialism in the Neo Assyrian and Roman empires to relationships between indigenes and newcomers in New Spain and the early Mexican republic to the settler dominated polities of Africa during the twentieth century Its twenty nine interdisciplinary chapters focus on single colonies or on regional developments that straddle the borders of present day states on successful settlements that would go on to become powerful settler nations on failed settler colonies and on the historiographies of these experiences Taking a fundamentally international approach to the topic this book analyses the varied experiences of settler colonialism in countries around the world With a synthesizing yet original introduction this is a landmark contribution to the emerging field of settler colonial studies and will be a valuable resource for anyone interested in the global history of imperialism and

colonialism **The French Intifada** Andrew Hussey, 2014-03-06 Beyond the affluent centre of Paris and other French cities in the deprived banlieues a war is going on This is the French Intifada a guerrilla war between the French state and the former subjects of its Empire for whom the mantra of liberty equality fraternity conceals a bitter history of domination oppression and brutality This war began in the early 1800s with Napoleon's lust for martial adventure strategic power and imperial preeminence and led to the armed colonization of Algeria Morocco and Tunisia and decades of bloody conflict all in the name of civilization Here against the backdrop of the Arab Spring Andrew Hussey walks the front lines of this war from the Gare du Nord in Paris to the souks of Marrakesh and the mosques of Tangier to tell the strange and complex story of the relationship between secular republican France and the Muslim world of North Africa The result is a completely new portrait of an old nation Combining a fascinating and compulsively readable mix of history politics and literature with Hussey's years of personal experience travelling across the Arab World The French Intifada reveals the role played by the countries of the Maghreb in shaping French history and explores the challenge being mounted by today's dispossessed heirs to the colonial project a challenge that is angrily and violently staking a claim on France's future Hearings on H.R. 12047, 14925, 16175, 17140, 17194--Bills to Make Punishable Assistance to Enemies of the U.S. in Time of Undeclared War United States Congress. House Un-American Activities, 1966 *De Gaulle and the World* W. W. Kulski, 1966 *France and Its Empire Since 1870* Alice L. Conklin, Sarah Fishman, Robert Zaretsky, 2015 Providing an up to date synthesis of the history of an extraordinary nation one that has been shrouded in myths many of its own making France and Its Empire Since 1870 seeks both to understand these myths and to uncover the complicated and often contradictory realities that underpin them It situates modern French history in transnational and global contexts and also integrates the themes of imperialism and immigration into the traditional narrative Authors Alice L Conklin Sarah Fishman and Robert Zaretsky begin with the premise that while France and the U S are sister republics they also exhibit profound differences that are as compelling as their apparent similarities The authors frame the book around the contested emergence of the French Republic a form of government that finally appears to have a permanent status in France but whose birth pangs were much more protracted than those of the American Republic Presenting a lively and coherent narrative of the major developments in France's tumultuous history since 1870 the authors organize the chapters around the country's many turning points and confrontations They also offer detailed analyses of politics society and culture considering the diverse viewpoints of men and women from every background including the working class and the bourgeoisie immigrants Catholics Jews and Muslims Bretons and Algerians rebellious youth and gays and lesbians *Fascism's Return* Richard Joseph Golsan, 1998-01-01 The past fifteen years have witnessed the renewed presence of fascism in European political and cultural life In addition there have been scandals surrounding the fascist pasts of numerous renowned intellectuals including Martin Heidegger Paul de Man and Maurice Blanchot In *Fascism's Return* eleven leading American and European scholars examine the resurgence of

fascism from many angles providing an essential and timely view of this troubling moment in European political cultural and intellectual history Intellectual and public scandals surrounding the fascist past including the highly publicized Barbie and Touvier trials in France are addressed Other writers focus on controversial efforts to revise the historical representation of fascism in Germany and France The reemergence of the new fascist movements and ideologies in various European nations is also examined A final essay considers the controversial U S support during the 1980s of Central American dictatorships As editor Richard J Golsan notes the essays in this volume illustrate a multitude of ways in which fascism continues to make its presence felt in western democratic societies erupting with disturbing frequency as a return of the repressed in judicial and artistic scandals as well as in historical critical and political debates

In Search of Power Brenda Gayle Plummer, 2013 *In Search of Power* is a history of the era of civil rights decolonization and Black Power In the critical period from 1956 to 1974 the emergence of newly independent states worldwide and the struggles of the civil rights movement in the United States exposed the limits of racial integration and political freedom Dissidents leaders and elites alike were linked in a struggle for power in a world where the rules of the game had changed Brenda Gayle Plummer traces the detailed connections between African Americans involvement in international affairs and how they shaped American foreign policy integrating African American history the history of the African Diaspora and the history of United States foreign relations These topics usually treated separately not only offer a unified view of the period but also reassess controversies and events that punctuated this colorful era of upheaval and change

The Call of Conscience Geoffrey Adams, 2006-01-01 Initially when the government in Paris responded with force to the November 1 1954 insurrection of Algerian nationalists French public opinion offered all but unanimous support Then it was revealed that hundreds of thousands of Muslims were herded into resettlement camps in Algeria that Algerians suspected of nationalist sympathies were imprisoned in France that conscientious objectors were denied their rights and that a resolution to the conflict either by force or by peaceful methods was not forthcoming When it was proven that the army was guilty of abuses members of the Protestant minority protested and then laboured to educate their own communities as well as the public at large to the moral and spiritual perils of these actions Based on painstaking research and solid scholarship *The Call of Conscience French Protestant Responses to the Algeria War 1954 1962* reveals a rich portrait of the protest

The Invention of Decolonization Todd Shepard, 2006 *Contenido* Muslim French citizens from Algeria a short history Inventing decolonization The tide of history versus the laws of the republic Forgetting French Algeria Making Algerians Repatriation rather than aliyah the Jews of France and the end of French Algeria Veiled Muslim women violent pied noir men and the family of France gender sexuality and ethnic difference Repatriating the Europeans Rejecting the Muslims The post Algerian republic Conclusion forgetting Algerian France

Concentration Camps Alan Kramer, 2025-03-26 A global and comprehensive history of a modern institution of inhumanity In popular perception concentration camps are synonymous with genocide and Nazi racial extermination Yet concentration camps were and are a

global phenomenon not restricted to Nazi Germany used at times even by democracies with an astonishing range of functions Drawing together a wide range of multi lingual archival research and synthesising a broad secondary literature Alan Kramer provides here a comprehensive history of concentration camps charting their first establishment at the beginning of the twentieth century on the colonial periphery through their most extreme and inhuman instances in the mid twentieth century to their continued use today Concentration camps are shown to be a truly transnational phenomenon that emerged both simultaneously within and between imperial spheres Britain Spain the USA and Germany around 1900 and diachronically from then to the First World War the Gulag and Nazi camps Such camps existed and exist under a variety of regimes often concomitant with empire building by revolutionary dictatorships as sites of genocide mass murder and performative violence but also as central elements of utopian schemes of social and racial transformation Integrating the perspective of perpetrators and the victims and contextualising them within the historiography of other carceral institutions the book will reshape the way we think about concentration camps as part of modern civilization past and present

Uncivil War James D. Le Sueur, 2021-10-19 Uncivil War is a provocative study of the intellectuals who confronted the loss of France's most prized overseas possession colonial Algeria Tracing the intellectual history of one of the most violent and pivotal wars of European decolonization James D Le Sueur illustrates how key figures such as Albert Camus Jean Paul Sartre Simone de Beauvoir Germaine Tillon Jacques Soustelle Raymond Aron Claude Lvi Strauss Albert Memmi Frantz Fanon Mouloud Feraoun Jean Amrouche and Pierre Bourdieu agonized over the Algerian question As Le Sueur argues these individuals and others forged new notions of the nation and nationalism giving rise to a politics of identity that continues to influence debate around the world This edition features an important new chapter on the intellectual responses to the recent torture debates in France the civil war in Algeria and terrorism since September 11

Britain, France and the Decolonization of Africa Andrew W.M. Smith, Chris Jeppesen, 2017-03-01 Looking at decolonization in the conditional tense this volume teases out the complex and uncertain ends of British and French empire in Africa during the period of late colonial shift after 1945 Rather than view decolonization as an inevitable process the contributors together explore the crucial historical moments in which change was negotiated compromises were made and debates were staged Three core themes guide the analysis development contingency and entanglement The chapters consider the ways in which decolonization was governed and moderated by concerns about development and profit A complementary focus on contingency allows deeper consideration of how colonial powers planned for colonial futures and how divergent voices greeted the end of empire Thinking about entanglements likewise stresses both the connections that existed between the British and French empires in Africa and those that endured beyond the formal transfer of power
