It does so with a view to considering how today's digital manifestations are a continuation perhaps a reiteration perhaps a novel pioneering of humans abiding interest in interactive narrative. The book then takes the reader inside the process of creating a collaborative interactive narrative in today's social media through an authoring experience undertaken by a group of graduate students. The engaging mix of blogs, emails, personal diaries and fabricated documents used to create the narrative demonstrates that a social media environment can facilitate a meaningful and productive collaborative authorial experience and result in an abundance of networked personally expressive and visually and textually referential content. The resulting narrative *After Love Comes Destruction* based in Shakespeare's *Romeo and Juliet* shows how a generative narrative space evolved around the students' use of social media in ways they had not previously considered both for authoring and for delivery of their final narrative artifact. *Getting the Buggers to Read 2nd Edition* Claire Senior, 2008-10-20 Following the winning formula of *Getting the Buggers to Behave* this practical guide shows teachers how they can improve children's reading skills.
