Hearts who is accused of having stolen the Queen's tarts. However when the Queen demands that Alice be beheaded Alice realizes that the characters are only a pack of cards and she then awakens from her dream.

Alice's Adventures in Wonderland "The New Annotated Edition" Lewis Carroll, 2020-04-05 Alice's Adventures in Wonderland widely beloved British children's book by Lewis Carroll published in 1865. With its fantastical tales and riddles it became one of the most popular works of English language fiction. It was notably illustrated by British artist John Tenniel. The story centres on Alice, a young girl who falls asleep in a meadow and dreams that she follows the White Rabbit down a rabbit hole. She has many wondrous, often bizarre adventures with thoroughly illogical and very strange creatures, often changing size unexpectedly: she grows as tall as a house and shrinks to 3 inches (7 cm). She encounters the hookah-smoking Caterpillar, the Duchess with a baby that becomes a pig, and the Cheshire Cat, and she attends a strange, endless tea party with the Mad Hatter and the March Hare. She plays a game of croquet with an unmanageable flamingo for a croquet mallet and uncooperative hedgehogs for croquet balls, while the Queen calls for the execution of almost everyone present. Later, at the Queen's behest, the Gryphon takes Alice to meet the sobbing Mock Turtle, who describes his education in such subjects as Ambition, Distraction, Uglification, and Derision. Alice is then called as a witness in the trial of the Knave of Hearts, who is accused of having stolen the Queen's tarts. However when the Queen demands that Alice be beheaded, Alice realizes that the characters are only a pack of cards and she then awakens from her dream.

Alice's Adventures in Wonderland By Lewis Carroll Lewis Carroll, 2021-01-16 ALICE'S ADVENTURES IN WONDERLAND, commonly shortened to Alice in Wonderland, is an 1865 novel written by English author Charles Lutwidge Dodgson under the pseudonym Lewis Carroll. It tells of a girl named Alice falling through a rabbit hole into a fantasy world populated by peculiar, anthropomorphic creatures. The tale plays with logic, giving the story lasting popularity with adults as well as with children. It is considered to be one of the best examples of the literary nonsense genre. Its narrative course and structure, characters, and imagery have been enormously influential in both popular culture and literature, especially in the fantasy genre. Dodgson's tale was published in 1865 as Alice's Adventures in Wonderland by Lewis Carroll, with illustrations by John Tenniel. The first print run of 2,000 was held back because Tenniel objected to the print quality. A new edition was quickly printed and released in December of the same year but carrying an 1866 date. The entire print run sold out quickly. Alice was a publishing sensation, beloved by children and adults alike. Among its first avid readers were Queen Victoria and the young Oscar Wilde. The book has never been out of print. Alice's Adventures in Wonderland has been translated into at least 174 languages. There have now been over a hundred English language editions of the book, as well as countless adaptations in other media, especially theatre and film.

Alice's Adventures in Wonderland (Annotated & Illustrated) Version Lewis Carroll, 2020-04-05 Alice's Adventures in Wonderland widely beloved British children's book by Lewis Carroll published in 1865. ALICE'S ADVENTURES IN WONDERLAND Annotated Book With Teacher Edition Lewis Carroll, 2020-08-26

The Alice books had been written in the course of the Victorian technology a time now remembered for its stifling propriety and constrictive morals. Carroll had something of an outsider's perspective in this global he changed into painfully shy and he frequently stuttered. His fondness for little girls has raised various eyebrows although it is unknown if Carroll ever acted on this obsession. At any rate those feelings of his served to intensify his emotions of isolation. But his role gave him excellent attitude on his international. The creatures of wonderland have many arbitrary customs. Their behaviors are all defensible with atypical logic but the customs are nevertheless stupid or even merciless. There are obvious echoes of the Victorian world because the animals are opinionated and have strong thoughts about what constitutes appropriate behavior. The creatures' preciousness and their arbitrary sensitivities mock the fastidiousness of the Victorian technology. The Alice books also mock the kid's literature of the day. In retaining with the man or woman of the time children's literature become full of simplistic morals and heavy surpassed attempts to educate the younger. Some of the books supposedly for children were quite dry and at the least suffered from a loss of creativeness. Alice's Adventures in Wonderland turned into first posted in 1865 and it changed into an immediate achievement. Carroll's experience of the absurd and his super gift for video games of common sense and language have made the Alice books famous with both adults and youngsters and that they have remained some of the exceptional known kid's books written in English. The famous Disney edition attracts freely from each book even as keeping the basic shape of the first e book and ultimate faithful to the taste and critical themes of the tale.
